

INDEX.

A.

Abraham, 9, 384.
 Abstinence, 93, 191, 338, 445.
 Abyssinia, 386.
 Activities of men, 1.
 Actors, 4.
 Act of Parliament, 127.
 Act of 1624, 135.
 Adams's inauguration suit, 510.
 Administration, 358.
 Advalorem rates of tariff tax, 489, 558.
 Advantages of credit, 271.
 Advantages of discount, 302.
 African *macoute*, 388.
 "African, the," 158.
 Agent of the mill, 4.
 Age of iron, 95.
 Ages of stone, 95.
 Agreeableness of rendering, 218.
 Agriculture, 149, 538.
 Alison of Iowa, 583.
 Alloy, 416.
 America, 3.
 American capital, 166.
 Ames, Fisher, 538.
 Amsterdam, 165, 311, 421.
 Analysis, 15.
 Ancient Romans, 2.
 Annual earnings, 543.
 Apprenticeship, 186, 203.
 Arbitration, 266.
 Aristophanes, 420.
 Aristotle, 47, 98, 158, 248, 381, 402.
 Aristotle's Logic, 63.
 Arkwright, Richard, 109.
 Arlington Mills, 516.
 Artisans of every name, 2.

Ascertainment, 15, 246.
 Asia, 19.
 Asia Minor, 333.
 Asia, pro-consular, 579.
 Association, 99.
 Assyria and Babylonia, 330.
 Astor, J. J., 180.
 Astronomy, 63.
 Auction, 57.
 Augustus Cæsar, 392, 580.
 Australia, 252, 399.
 Axe, 90.
 Axioms, 69.

B.

Babylonian tablets, 332.
 Bacon, Lord, 63, 64.
 Bailee, 278.
 "*Balance of trade*," 312, 407, 452.
 Bales of cotton, 345.
 Ball, John, 228.
 Balloon of promise, 343.
 Baneroft, historian, 512, 573.
 Bangor, 454.
 Bank bills, 286.
 Bank defined, 291.
 Bank deposits, 291.
 Bank discount, 299.
 Bank messengers, 5.
 Banker defined, 6.
 "Bankers' bills," 315.
 Bank of Amsterdam, 280.
 Bank of England, 82, 287, 292, 350,
 396, 448.
 Bank of Massachusetts, 288.
 Bank of New York, 288.
 "Bank of North America," 288.

- Bank of Scotland, 325.
 Banks of Newfoundland, 180.
 Barter, 364.
 Bascom, John, 71.
 Bastiat, 47.
 Beauty of gold and silver coins, 413.
 Beck, Senator, 491.
 Benevolence and impertinence in trade, 239.
 Bentham, Jeremy, 252, 448.
 Benton, Thomas H., 494.
 Berkshire Co., Mass., 260, 533.
 Berlin, 3.
 Berlin Geographical Society, 27.
 Bernhardt, 211.
 Bessemer Steel Co., 487, 491.
 Best money, 395.
 Best tenure of lands, 155.
 Betterments on land, 173.
 Bill-discounters, 300.
 Bill of exchange, 278, 300, 303.
 Bill of lading, 378.
 "Bills of credit," 435.
 Bimetallism, 415.
 Bismarck, 210.
 "Black Death," 227.
 Blacksmith's capacity, 118.
 Blades of the shears, 249.
 Blaine, Secretary, 508.
 "Blanket" mortgage, 284.
 Blunders in economics, 75.
 "Body," 78.
 Bombay spinner, 201.
 Bonnières quarry, 164.
 "Book of Trades," 114.
 Borrow, 277.
 Boston Commercial Bulletin, 563.
 Boston Custom House, 564.
 Botany, 63.
 Bottom-principle in taxes, 567.
 Bounty of God, 43.
 Bradford, Governor, 391.
 Bradley, Mr. Justice, 358.
 Breadth of contracts, 241.
 Bright, John, 199.
 British colonies, 313.
 British Isles, 84.
 British Provinces, 527.
 British Revenue Tariff, 485.
 British statesman, 153.
 Brokers' board, 302.
 Broker's office, 6.
 Bronson, 434, 436.
 Brotherhoods, 226.
 Buchanan, James, 447.
 Bullets as money, 392.
 Bullion theory, 403, 451, 453.
 Bureau of Statistics, 264.
 Burman Empire, 386.
 Buying, 14.
 Buying and selling, 4, 15, 236.
- C.
- Cakes of tea, 386.
 Calhoun, Senator, 497, 499.
 Calicoes, 106.
 Canada, 179.
 Capital, 92, 96, 246.
 Capital defined, 93.
 Capital wears out, 171.
 Capitalists as a class, 233.
 Capitalists of Boston, 4.
 Captains of industry, 196, 244.
 Care of money, 378.
 Carey, H. C., 103.
 Carpenter's square, 38.
 Carthage, 21, 84.
 Carthaginians, 386.
 Cartwright, Edmund, 111.
 Cases and classes, 68.
 "Cash accounts," 333.
 Cash credits, 324, 327.
 Cattle, 80.
 Cattle as money, 383.
 Causes of labor troubles, 238.
 Cavour, 210.
 Cecil, Robert, 126.
 Cedars, 23, 40.
 Census, 75.
 Central America, 27.
 Chadwick, Sir Edwin, 197, 200.
 Chaldean tablets, 331.
 Chalmers, Thomas, 137, 215.
 Chase, Chief Justice, 356, 357.

- Chatham, 210.
 Chattels, 93.
 Check-Bank, 321, 329.
 Checks on market rate, 56.
 Chemistry, 63.
 Cheques, 303, 317.
 Chevalier, 399.
 Chicago, 278, 477, 501.
 Chicago, fire in, 500.
 China, 19, 387.
 Chinese-wall policy, 474.
 Christianity, 22, 30.
 Christians, 10.
 Church relations, 241.
 Cicero, 97, 189, 248, 333, 403.
 Circular credits, 327.
 "Circular notes," 328.
 Circulating capital defined, 99.
 Civil Law of Rome, 206.
 Civil war, 353.
 Civil wars, 260.
 Civilization, 10, 89, 252, 366.
 Claims of conscience, 243.
 Classes of facts, 66.
 Classes of salable things, 7.
 Classes of valuable things, 5, 62.

TWO EARLIER WORKS

By PROF. PERRY.

INTRODUCTION TO POLITICAL
ECONOMY.

Revised Edition. 12mo, \$1.50.

POLITICAL ECONOMY.

Eighteenth Edition. Rewritten and Enlarged.
Crown 8vo, \$2.50.

Prof. Perry's most elementary text-book, Introduction to Political Economy, presents the subjects of Value, Production, Commerce, Money, Credit, and Taxation, in a way plain and easily grasped by young minds, but at the same time scientifically exact. In his preface the author says: "I have endeavored so to lay the foundations of Political Economy in their whole circuit, that they will never need to be disturbed afterwards by persons resorting to it for their early instruction, however long and however far these persons may pursue their studies in this science."

"This work is not meant in any way to take the place of its author's larger treatise, but rather to occupy a field which, in the nature of the case, that work cannot occupy. It is not an abridgment of that work but a separate treatise, intended primarily for the use of students and readers whose time for study is small, but who wish to learn the broad principles of the science thoroughly and well, especially with reference to the scientific principles which are involved in the practical discussions of our time. . . . We need scarcely add, with respect to a writer so well known as he, that his thinking is sound as well as acute, or that his doctrines are those which the greatest masters of political science have approved."

—*The N. Y. Evening Post.*

Prof. Perry's Advanced Work.

POLITICAL ECONOMY.

Eighteenth Edition.

Rewritten and Enlarged. 1 vol., Crown 8vo. \$2.50.

This book has passed through several revisions, to the most thorough of which it was subjected in 1883. It has grown in size, in symmetry and in maturity of thought and expression, so that it is a complete exposition of the science, both historically and topically. The distinctive feature of the work is its discarding the term *Wealth* and making *Value* the subject of the science. Original light is thrown on the vexed questions of Land, Money, and Credit, and the whole trend of the book is on the side of sound currency and unrestricted trade.

Professor Perry's style is admirably clear and racy; his illustrations are forcible and well chosen, and he has made a subject interesting and open to the comprehension of any diligent student, which has often been left by writers vague and befogged and bewildering. This work has stood excellently the test of the class room, and has been adopted by many of the chief educational institutions in this country. Among them are Yale College, Bowdoin College, Dartmouth, Trinity, Wesleyan, University of Wooster, Dennison University, Rutgers College, New York University, Union College, Seton Hall College, Hampden-Sidney, and many other colleges and normal and high schools.

CRITICAL NOTICES.

"This edition has the marks of mature power and complete grasp of the subject, and that finished style in which thought and language have become perfectly adjusted to each other. The statements and illustrations convey the thought clearly and aptly."—*Boston Watchman*.

Perry's Political Economy.

"You have made an exceedingly valuable contribution to the science of political economy. I am not a little surprised that a college professor should have written a book so intelligible to the common mind, and so eminently practical and instructive. Accept my thanks for your kindness in sending me the book, and my grateful acknowledgments as your fellow-citizen for the service you have rendered the country. It is, in my judgment, the ablest and most valuable work yet published upon the science of which it treats. I do not see where it could be improved in matter, or style, or arrangement."—*Hon. H. McCullough, Secretary of the U. S. Treasury.*

"Your book interests students more than any I have ever instructed from."—*President T. D. Woolsey, Yale College.*

"So far as I have been able to read it, it seems to my humble judgment remarkably clear, as well as well-timed and sound."
—*Hon. W. E. Forster, M.P., Leeds, Eng.*

"The gem of your work is 'foreign trade.' It is the best thing I have ever seen, the most clear and satisfactory. If my friend Cobden were alive, he would send you his congratulations and thanks."—*Hon. Amasa Walker, M.C., Lecturer on Political Economy, Amherst College.*

"As a manual for general reading and popular instruction, Prof. Perry's book is far superior to any work on this subject before issued in the United States"—*New York Times.*

"We cordially recommend this book to all, of whatever school of political economy, who enjoy candid statement and full and logical discussion."
—*New York Nation.*

"There is more common sense in this book than in any of the more elaborate works on the same subject that have preceded it. It is the most interesting and valuable one that has been given to the American public on this important subject."—*New York Independent.*

"In all the portions of the book which we have read the author shows himself to be a clear, strong, bold, and generally sound thinker."
—*New Englander.*

"Prof. Perry has certainly produced one of the best elementary treatises on political economy that we have ever met with in any language."
—*New York Commercial.*

"Prof. Perry is a vigorous thinker, a clear and forcible writer."
—*Princeton Review.*
