PREFACE.

This small volume is designed to be a concise text-book embodying the essential facts relating to the subjects treated. These are told in a practical way and arranged in a convenient form in the hope that it may prove a useful handbook for the busy practitioner or student. Unproven theories are not discussed. Well established facts only are given, and these without unprofitable elaboration. The methods described under general treatment are the most approved, and the formulæ given have been used and found efficacious. It would be impossible in a volume of this size to give all the remedies that might be indicated in any given condition, so the author has limited himself to mentioning those most frequently useful. Standard writings have been consulted in the preparation of this book, with the endeavor to make it represent the essence of current opinion. Hoping that it may find a place among the physician's useful reference books, it is entrusted to the kindly criticism of the profession.

H. WORTHINGTON PAIGE.

New York City, November, 1904.

CONTENTS.

SECTION I.

DISEASES OF THE TRACHEA.

- TRACHEITIS.—Definition—Etiology—Pathology—Physical Signs
—Diagnosis—Symptoms—General Treatment—Remedies, 11-13
- STENOSIS OF THE TRACHEA.—Definition—Etiology—Symptoms
—Treatment, 13-14

SECTION II.

DISEASES OF THE BRONCHI.

- ACUTE BRONCHITIS.—Definition—Etiology—Pathology—Symptoms—Physical Signs—Complications—Diagnosis—Prognosis—General Treatment—Remedies, 17-25
- CAPILLARY BRONCHITIS.—Definition—Etiology—Pathology—Symptoms—Physical Signs—Complications—Diagnosis—Prognosis—Treatment, 25-28
- PLASTIC OR FIBRINOUS BRONCHITIS.—Definition—Etiology—Pathology—Symptoms—Physical Signs—Diagnosis—General Treatment—Remedies, 28-31
- CHRONIC BRONCHITIS.—Definition—Etiology—Morbid Anatomy—Physical Signs—Symptoms—General Treatment—Remedies, 31-37
- BRONCHIECTASIS.—Definition—Pathology—Symptoms—Physical Signs—Prognosis—General Treatment—Remedies, 37-41
- ASTHMA.—Definition—Etiology—Symptoms—Physical Signs—Course—General Treatment—Remedies, 41-45
- WHOOPIING COUGH.—Definition—Etiology—Pathology—Symptoms—Complications—Diagnosis—Prognosis—General Treatment—Remedies, 45-50

SECTION III.

DISEASES OF THE LUNGS.

- LOBAR PNEUMONIA.—Definition—Occurrence—Etiology—Bacteriology—Pathology and Morbid Anatomy—Symptoms—Physical Signs—In Children—Varieties—Complications—Diagnosis—Prognosis—General Treatment—Remedies, . . . 53-72
- TUBERCULOSIS.—General Consideration—Definition—History—Etiology—The Bacillus—Modes of Infection—Conditions Favorable to Development—Evolution of the Tubercle—Diffuse Inflammatory Tubercle—Miliary Tuberculosis—Acute General Tuberculosis, . . . 72-78
- PULMONARY TUBERCULOSIS.—Definition and Varieties, . . . 78
- ACUTE PNEUMONIC PHTHISIS.—Definition—Symptoms—Bronchial and Pneumonic Types—Diagnosis, . . . 78-80
- CHRONIC PULMONARY TUBERCULOSIS.—Synonyms—Morbid Anatomy—Lesions of Chronic Phthisis—Variations in Onset—Symptoms—Local Symptoms—Physical Examination—General Symptoms—Diagnosis—Prognosis—Prophylaxis—Treatment—Remedial Treatment—Special Suggestions, . . . 80-97
- FIBROID PHTHISIS.—Definition—Etiology—Symptoms—Physical Signs—Treatment, . . . 97-98
- BRONCHO-PNEUMONIA.—Definition—Etiology—Pathology—Symptoms—Physical Signs—Complications and Sequelæ—Diagnosis—Prognosis—General Treatment—Remedies, 99-107
- ATELECTASIS.—Definition—Etiology—Pathology—Physical Signs—Symptoms—Prognosis—General Treatment—Remedies, 107-110
- EMPHYSEMA.—Definition—Varieties—Etiology—Pathology—Symptoms—Physical Signs—General Treatment—Remedies, 110-113
- PULMONARY HYPERÆMIA.—Definition, . . . 114
- ACTIVE HYPERÆMIA.—Definition—Etiology—Pathology—Symptoms—Diagnosis—Prognosis—General Treatment—Remedies, 114-115

PASSIVE HYPERÆMIA.—

1. Hypostatic Congestion—Hypostatic Pneumonia—Pathology—Symptoms—Prognosis—General Treatment—Remedies, 116-117
 2. Obstructive Congestion—Pathology—Symptoms—Diagnosis—Prognosis—Treatment, . . . 117-118
- PULMONARY HÆMORRHAGE.—Broncho-Pulmonary Hæmorrhage or Hæmoptysis—Etiology—Symptoms—Diagnosis—Prognosis, . . . 118-120
- Pulmonary Infarction—Etiology—Pathology—Symptoms, 121-122
- PULMONARY HÆMORRHAGE.—General Treatment—Remedies, 122-124
- PNEUMONOKONIOSIS.—Definition—Etiology—Pathology—Symptoms—Treatment, . . . 125-126
- PULMONARY CARCINOMA.—Definition—Etiology—Pathology—Symptoms—Prognosis—Treatment, . . . 126-127
- PULMONARY GANGRENE.—Definition—Etiology—Pathology—Symptoms—Diagnosis—Prognosis—General Treatment—Remedies, . . . 127-129
- PULMONARY ABSCESS.—Etiology—Symptoms—Diagnosis—Prognosis—General Treatment—Remedies, . . . 130-131
- PULMONARY SYPHILIS.—Etiology—Symptoms—Diagnosis—Treatment, . . . 131
- PULMONARY ECHINOCOCCUS.—Definition—Symptoms—Treatment, . . . 132

SECTION IV.

DISEASES OF THE PLEURA.

- PLEURITIS.—Definition—Etiology, . . . 135
- DRY, PLASTIC OR ADHESIVE PLEURISY.—Description—Symptoms, . . . 135-136
- PLEURISY WITH EFFUSION—SERO-FIBRINOUS PLEURISY.—Definition—Pathology—Symptoms—Physical Signs—Diagnosis—Prognosis, . . . 136-138

PURULENT PLEURITIS, EMPYEMA.—Etiology—Physical Signs—Symptoms—Other Varieties—General Treatment—Thoracentesis—Remedies,	138-142
HYDRO-THORAX.—Definition—Physical Signs—Symptoms—Treatment—Remedies,	142-144
PNEUMO-THORAX.—Definition—Etiology—Physical Signs—The "Bruit de Airain"—Symptoms—Prognosis—Treatment,	144-145
HÆMO-THORAX.—Definition—Etiology—Symptoms—Prognosis—Diagnosis—General Treatment—Remedies,	146

SECTION V.

DISEASES OF THE MEDIASTINUM.

ADENITIS.—Etiology—Description,	149
CARCINOMA OR SARCOMA.—Symptoms—Diagnosis,	149-150
ABSCCESS.—Etiology—Description,	150
EMPHYSEMA.—Etiology,	150
