PROFR. RAYMUNDO RIVERA VILLARREAL

B I O G R A F I A

El Prof. Raymundo Rivera V. nació en la ciudad de Monterrey, Nuevo León, Mexico, obteniendo el grado de Licenciatura en Ingeniería Civil en la Facultad de Ingeniería Civil de la Universidad Autónoma de Nuevo León, en la misma facultad curso los estudios de Maestría en Estructuras. Realizó estudios cortos y créditos en UCLA en Los Angeles y en la Facultad de Ingeniería de la UNAM. Ha desarrollado diversos proyectos de Investigación sobre Tecnología del Concreto que ha presentado en Simposios Nacionales y en el Extranjero. Organizador de 5 Simposios Internacionales Sobre Tecnología del Concreto en la Ciudad de Monterrey, Nuevo León. Es el Maestro Decano de la Facultad de Ingeniería Civil de la U.A.N.L. Es miembro Fellow del ACI (Instituto Americano del Concreto) y pertenece al Comité de Actividades Seccionales del mismo Instituto. Desde 1977 es el Delegado Mexicano ante la RILEM (Asociación Internacional sobre ensayos de materiales, laboratorios y estructuras) con sede en Paris. Pertenece a la ASTM y su Distrito Mexicano. Es miembro de la Junta de Gobierno de la U.A.N.L. desde la aprobación de la Nueva Ley Orgánica de la U.A.N.L. desde Julio de 1971. Es director desde su creación del Instituto de Ingeniería Civil de la Facultad de Ingeniería Civil de la U.A.N.L.
