## PART I.

### GONORRHOEA AND ITS COMPLICATIONS.

CHAPTER I.—URETHRAL GONORRHOEA IN THE MALE, . . . . .	51
Preliminary considerations, . . . . .	51
Symptoms, . . . . .	53
Causes and nature of gonorrhœa, . . . . .	57
Treatment, . . . . .	64
Abortive treatment, . . . . .	64
Treatment of the acute stage, . . . . .	69
Treatment of the stage of decline, . . . . .	73
Injections, . . . . .	75
Copaiba and cubebs, . . . . .	80
Expectant treatment, . . . . .	88
Obstacles to success of treatment, . . . . .	90
Treatment of special symptoms, . . . . .	91
Micro-organisms as a cause, . . . . .	94
CHAPTER II.—GLEET, . . . . .	95
Symptoms, . . . . .	97
Pathology, . . . . .	98
Treatment, . . . . .	99
Bougies, . . . . .	101
Applications by means of the endoscope, . . . . .	104
Injections, . . . . .	109
Deep urethral injections, . . . . .	110
Blisters, . . . . .	112
Separation of the affected surfaces, . . . . .	113
CHAPTER III.—BALANITIS, . . . . .	115
Causes, . . . . .	115
Symptoms, . . . . .	116
Complications, . . . . .	117
Diagnosis, . . . . .	118
Treatment, . . . . .	119
CHAPTER IV.—PHIMOSIS, . . . . .	122
Congenital phimosis, . . . . .	122
Accidental phimosis, . . . . .	124
Treatment, . . . . .	125
Circumcision, . . . . .	128
CHAPTER V.—PARAPHIMOSIS, . . . . .	133
Treatment, . . . . .	135

BIBLIOTECA  
FAC. DE MED. U. A. N. L.  
BIBLIOTECA  
FAC. DE MED. U. A. N. L.

CHAPTER VI.—FOLLICULITIS AND PERI-URETHRAL PHLEGMON, . . . . .	139
Folliculitis, . . . . .	139
Peri-urethral phlegmon, . . . . .	140
CHAPTER VII.—INFLAMMATION OF COWPER'S GLANDS, . . . . .	144
CHAPTER VIII.—AFFECTIONS OF THE CORPORA CAVERNOSA, . . . . .	146
Chronic circumscribed inflammation of the corpora cavernosa, . . . . .	146
CHAPTER IX.—LYMPHANGITIS AND ADENITIS, . . . . .	148
Lymphangitis, . . . . .	148
Adenitis, . . . . .	149
CHAPTER X.—SWELLED TESTICLE, . . . . .	150
Causes, . . . . .	151
Seat, . . . . .	153
Symptoms, . . . . .	155
Pathological anatomy, . . . . .	164
Treatment, . . . . .	166
Sedatives, . . . . .	168
Pulsatilla, . . . . .	168
Bloodletting, . . . . .	169
Ice, . . . . .	169
Poultices, . . . . .	169
Strapping the testicle, . . . . .	170
Antimonial frictions, . . . . .	172
Solution of nitrate of silver, . . . . .	172
Punctures, . . . . .	172
Iodoform, . . . . .	174
Induration of the epididymis, . . . . .	174
CHAPTER XI.—HYDROCELE, . . . . .	176
Treatment, . . . . .	177
CONGENITAL HYDROCELE, . . . . .	178
ENCYSTED HYDROCELE OF THE TESTIS, . . . . .	179
HYDROCELE OF THE SPERMATIC CORD, . . . . .	180
CHAPTER XII.—HEMATOCELE, . . . . .	183
HEMATOCELE OF THE TESTIS, . . . . .	183
HEMATOCELE OF THE CORD, . . . . .	184
CHAPTER XIII.—VARICOCELE, . . . . .	185
Treatment, . . . . .	186
CHAPTER XIV.—GONORRHOEAL PROSTATITIS, . . . . .	191
ACUTE PROSTATITIS, . . . . .	191
Symptoms, . . . . .	192
Treatment, . . . . .	194
CHRONIC PROSTATITIS, . . . . .	195
Treatment, . . . . .	197
CHAPTER XV.—CYSTITIS, . . . . .	200
Treatment, . . . . .	202
CHAPTER XVI.—INFLAMMATION OF THE VESICULÆ SEMINALES, . . . . .	204
Hydrocele of the Vesiculæ Seminales, . . . . .	205
CHAPTER XVII.—GONORRHOEAL PERITONITIS AND SUB-PERITONEAL ABSCESS IN THE MALE, . . . . .	206

	PAGE
CHAPTER XVIII.—GONORRHOEA IN WOMEN, . . . . .	208
Causes, . . . . .	208
Symptoms, . . . . .	210
Gonorrhœa of the vulva, . . . . .	211
Gonorrhœa of the vagina, . . . . .	215
Gonorrhœa of the uterus, . . . . .	218
Gonorrhœa of the urethra, . . . . .	220
Complications, . . . . .	221
Vegetations, . . . . .	221
Ovaritis, . . . . .	222
Diagnosis, . . . . .	223
Treatment, . . . . .	223
Bloodletting, . . . . .	224
Baths and lotions, . . . . .	224
Sedatives, . . . . .	224
Injections, . . . . .	224
Separation of the diseased surfaces, . . . . .	228
Hip-baths, . . . . .	229
"LATENT GONORRHOEA IN WOMEN," . . . . .	232
CHAPTER XIX.—GONORRHOEA OF THE RECTUM, NOSE, AND UMBILICUS, . . . . .	234
GONORRHOEA OF THE RECTUM, . . . . .	234
Treatment, . . . . .	235
GONORRHOEA OF THE MOUTH, . . . . .	236
GONORRHOEA OF THE NOSE, . . . . .	236
UMBILICAL GONORRHOEA, . . . . .	236
CHAPTER XX.—GONORRHOEAL OPHTHALMIA, . . . . .	237
Frequency, . . . . .	237
Causes, . . . . .	237
Symptoms, . . . . .	238
Diagnosis, . . . . .	240
Treatment, . . . . .	243
CHAPTER XXI.—GONORRHOEAL RHEUMATISM, . . . . .	251
Causes, . . . . .	253
Frequency, . . . . .	253
Seat, . . . . .	254
Symptoms, . . . . .	255
Diagnosis, . . . . .	257
Nature, . . . . .	261
Treatment, . . . . .	262
CHAPTER XXII.—VEGETATIONS, . . . . .	263
Treatment, . . . . .	267
CHAPTER XXIII.—HERPES PROGENITALIS, . . . . .	269
Treatment, . . . . .	271
CHAPTER XXIV.—STRICTURE OF THE URETHRA, . . . . .	274
ANATOMICAL CONSIDERATIONS, . . . . .	275
STRICTURES, . . . . .	275
Spasmodic strictures, . . . . .	288
Permanent or organic stricture, . . . . .	289
Seat, . . . . .	290
Number, . . . . .	292

Form, . . . . .	295
Degree of contraction, . . . . .	295
Pathology of stricture, . . . . .	296
Abscess and fistula, . . . . .	297
Bladder, . . . . .	297
Ureters and kidneys, . . . . .	298
Genital organs, . . . . .	298
Symptoms of stricture, . . . . .	298
Causes of stricture, . . . . .	301
Diagnosis of stricture, . . . . .	303
Exploration of the urethra, . . . . .	303
Shape and size of metallic instruments, . . . . .	304
Catheters, . . . . .	307
Sounds, . . . . .	310
Bougies, . . . . .	310
Acorn-pointed sounds and bougies, . . . . .	312
Urethrometers, . . . . .	314
Introduction of the catheter, . . . . .	316
Treatment of strictures, . . . . .	320
Constitutional means, . . . . .	320
Dilatation, . . . . .	321
Continuous dilatation, . . . . .	323
Over-distension, . . . . .	324
Internal incision, . . . . .	325
Rupture, . . . . .	336
Caustics, . . . . .	339
External perineal urethrotomy, . . . . .	339
Consequences of operations on strictures, . . . . .	346
Hæmorrhage, . . . . .	346
Curvature of the penis, . . . . .	347
Urethral fever, . . . . .	347
Treatment of retention of urine, . . . . .	348
Puncture by the rectum, . . . . .	354
Puncture above the pubes, . . . . .	355
Puncture through the symphysis, . . . . .	355
Opening the urethra posterior to the stricture, . . . . .	356
Treatment of extravasation, . . . . .	356
Treatment of urinary abscess and fistula, . . . . .	357
Proposed set of urethral instruments, . . . . .	357
CHAPTER XXV.—SEXUAL HYPOCHONDRIASIS, . . . . .	359

PART II.

THE CHANCROID AND ITS COMPLICATIONS.

CHAPTER I.—THE CHANCROID OR SIMPLE CHANCRE, . . . . .	367
The chancroidal poison, . . . . .	367
Contagion, . . . . .	371
Frequency of the chancroid, . . . . .	374
Seat of the chancroid, . . . . .	376

	PAGE
The chancroid from inoculation, . . . . .	379
The chancroid from contagion, . . . . .	380
Development, . . . . .	380
Period of progress, . . . . .	382
Stationary period, . . . . .	384
Reparative stage, . . . . .	384
Number of chancroids, . . . . .	385
Varieties of the chancroid, . . . . .	386
Diagnosis of the chancroid, . . . . .	387
Prognosis of the chancroid, . . . . .	391
Pathological anatomy, . . . . .	391
Treatment of the chancroid, . . . . .	393
General treatment, . . . . .	393
Abortive treatment, . . . . .	393
Destructive cauterization, . . . . .	394
Local applications, . . . . .	397
CHAPTER II.—PECULIARITIES DEPENDENT UPON THE SEAT OF CHANCROIDS, . . . . .	402
CHANCROIDS UPON THE INTEGUMENT OF THE PENIS, . . . . .	402
CHANCROIDS OF THE FRÆNUM, . . . . .	402
SUB-PREPUTIAL CHANCROIDS, . . . . .	403
URETHRAL CHANCROIDS, . . . . .	405
CHANCROIDS OF THE FEMALE GENITAL ORGANS, . . . . .	406
CHANCROIDS OF THE ANUS AND RECTUM, . . . . .	410
CHAPTER III.—THE CHANCROID COMPLICATED WITH EXCESSIVE INFLAMMATION AND WITH PHAGEDÆNA, . . . . .	412
INFLAMMATORY OR GANGRENOUS CHANCROID, . . . . .	412
PHAGEDENIC CHANCROID, . . . . .	414
Serpiginous chancroid, . . . . .	414
Sloughing phagedenic chancroid, . . . . .	415
Treatment of phagedæna, . . . . .	416
CHAPTER IV.—THE CHANCROID COMPLICATED WITH SYPHILIS—"MIXED CHANCRE," . . . . .	420
CHAPTER V.—THE SIMPLE AND VIRULENT BUBO, . . . . .	424
Frequency of buboes, . . . . .	424
Seat of buboes, . . . . .	425
THE SIMPLE BUBO, . . . . .	427
THE VIRULENT BUBO, . . . . .	430
Complications, . . . . .	434
"Bubon d'emblée," . . . . .	435
Diagnosis of buboes, . . . . .	436
Treatment of buboes, . . . . .	438
Abortive measures, . . . . .	438
Methods of opening buboes, . . . . .	441
CHAPTER VI.—LYMPHITIS, . . . . .	448
SIMPLE LYMPHITIS, . . . . .	448
VIRULENT LYMPHITIS, . . . . .	448

BIBLIOTECA FAC. DE MED. U. A. N. L.

PART III.

SYPHILIS.

	PAGE
CHAPTER I.—INTRODUCTORY REMARKS, . . . . .	451
SYPHILITIC VIRUS, . . . . .	451
SYPHILIS COMMONLY OCCURS BUT ONCE IN THE SAME PERSON, . . . . .	452
SYPHILIS POSSESSES A PERIOD OF INCUBATION, . . . . .	455
THE ORDER OF EVOLUTION OF SYPHILITIC SYMPTOMS, AND THE CLASSIFICATION FOUNDED THEREON, . . . . .	455
THE SOURCES OF SYPHILITIC CONTAGION, . . . . .	462
THE MODES OF SYPHILITIC CONTAGION, . . . . .	464
GENERAL SYPHILIS ALWAYS FOLLOWS A CHANCRE, . . . . .	468
SYPHILIS PURSUES ESSENTIALLY THE SAME COURSE, WHETHER DERIVED FROM A PRIMARY OR SECONDARY LESION; IN THE LATTER CASE, AS IN THE FORMER, THE INITIAL LESION IS A CHANCRE, . . . . .	470
SYPHILIS HAS A SECOND PERIOD OF INCUBATION, WHICH, ALTHOUGH SUBJECT TO SOME VARIATION, IS NOT INDEFINITE IN ITS DURATION, . . . . .	471
CHAPTER II.—THE NATURE OF SYPHILIS, . . . . .	473
Syphilis in animals, . . . . .	479
Micro-organisms as a cause of syphilis, . . . . .	481
CHAPTER III.—THE INITIAL LESION OF SYPHILIS, OR CHANCRE, . . . . .	485
Seat of chancre, . . . . .	485
Incubation of the chancre, . . . . .	486
Symptoms, . . . . .	488
Multiple herpetiform chancres, . . . . .	490
Anomalous appearance, . . . . .	491
Infecting balano-posthitis, . . . . .	492
Induration of the chancre, . . . . .	495
Relapsing induration, . . . . .	496
Secretion, . . . . .	497
Duration, . . . . .	497
Termination, . . . . .	498
Number of chancres, . . . . .	498
Phagedæna, . . . . .	499
Condition of neighboring ganglia, . . . . .	499
Diagnosis of the chancre, . . . . .	502
Pathological anatomy, . . . . .	506
Treatment, . . . . .	508
Excision, . . . . .	510
General treatment, . . . . .	512
CHAPTER IV.—SPECIAL INDICATIONS FROM THE SEAT OF CHANCRES, . . . . .	512
CHANCRES OF THE URETHRA, . . . . .	512
CHANCRES OF THE ANUS, . . . . .	513
EXTRA-GENITAL CHANCRES, . . . . .	514
CHANCRES OF THE FINGERS, . . . . .	514
CHANCRES OF THE LIPS, . . . . .	515
CHANCRES OF THE BUCCAL CAVITY, . . . . .	516
CHANCRES OF THE TONSIL, . . . . .	516
CHANCRES IN THE FEMALE, . . . . .	517
Of the fourchette and the vestibule, . . . . .	518

	PAGE
Of the breast, . . . . .	519
Of the uterus, . . . . .	520
Of the vagina, . . . . .	521
CHAPTER V.—INDURATION OF THE GANGLIA AND OF THE LYMPHATICS, . . . . .	522
INDURATION OF THE GANGLIA, . . . . .	522
Its constancy, . . . . .	522
Its seat, . . . . .	524
Time of its appearance, . . . . .	525
Its course and termination, . . . . .	526
INDURATION OF THE LYMPHATICS, . . . . .	528
Treatment of induration of the ganglia and lymphatics, . . . . .	529
CHAPTER VI.—STATE OF THE BLOOD; SYPHILITIC FEVER; AFFECTIONS OF THE DISTANT LYMPHATIC GANGLIA, . . . . .	530
STATE OF THE BLOOD, . . . . .	530
SYPHILITIC FEVER, . . . . .	531
AFFECTIONS OF THE GANGLIA, . . . . .	533
Engorgement of the superficial ganglia, . . . . .	533
Deep lymphatic ganglia, . . . . .	535
CHAPTER VII.—CACHEXIA, CHLORO-ANÆMIA, ASTHENIA, . . . . .	537
CHAPTER VIII.—INFLUENCE OF SYPHILIS UPON THE CONSTITUTION, . . . . .	540
INFLUENCE OF SYPHILIS UPON DISEASES IN GENERAL, . . . . .	542
On acute diseases, . . . . .	542
On chronic diseases, . . . . .	542
INFLUENCE OF SYPHILIS UPON TRAUMATISM, . . . . .	544
CHAPTER IX.—PROGNOSIS OF SYPHILIS, . . . . .	547
CHAPTER X.—IRRITABILITY OF THE SKIN AND MUCOUS MEMBRANES. CHANGES IN THE SENSIBILITY OF THE SKIN, . . . . .	552
CHAPTER XI.—THE SYPHILIDES, . . . . .	554
General remarks upon, . . . . .	554
Their course, . . . . .	556
Absence of itching and pain, . . . . .	557
Polymorphism, . . . . .	557
Color and pigmentation, . . . . .	557
Tendency to assume a circular form, . . . . .	558
Influence of mercury, . . . . .	558
Influence of intercurrent diseases on the course of syphilides, . . . . .	558
Unusual modes of evolution, . . . . .	559
The localization of the syphilides, . . . . .	559
Characters of the scales and crusts, . . . . .	560
Peculiarities of ulcers and cicatrices, . . . . .	566
Odor of certain syphilitic lesions, . . . . .	561
General hints in diagnosis, . . . . .	561
THE ERYTHEMATOUS SYPHILIDE, . . . . .	562
Coexisting lesions and symptoms, . . . . .	564
Diagnosis, . . . . .	564
THE PAPULAR SYPHILIDES, . . . . .	565
The miliary papular syphilide, . . . . .	565
The lenticular papular syphilide, . . . . .	568
The small flat papular syphilide, . . . . .	568
Mode of distribution, . . . . .	568

CHAPTER XXIV.—AFFECTIONS OF THE EYES, . . . . .	747
AFFECTIONS OF THE BONES OF THE ORBIT, . . . . .	747
AFFECTIONS OF THE LACHRYMAL PASSAGES, . . . . .	749
AFFECTIONS OF THE LACHRYMAL GLAND, . . . . .	751
AFFECTIONS OF THE EYELIDS, . . . . .	752
Syphilitic ulcerations, . . . . .	752
AFFECTIONS OF THE CONJUNCTIVA, . . . . .	754
AFFECTIONS OF THE CORNEA, . . . . .	757
AFFECTIONS OF THE SCLERA, . . . . .	766
SYPHILITIC IRITIS, . . . . .	766
Simple or plastic iritis, . . . . .	767
Serous iritis, . . . . .	768
Parenchymatous or suppurative iritis, . . . . .	769
Infantile iritis, . . . . .	776
Spongy iritis, . . . . .	777
AFFECTIONS OF THE LENS, . . . . .	777
AFFECTIONS OF THE CILIARY BODY, . . . . .	777
CHOROIDITIS, . . . . .	778
Plastic choroiditis, . . . . .	778
Serous choroiditis, . . . . .	779
Parenchymatous choroiditis, . . . . .	779
RETINITIS, . . . . .	781
AFFECTIONS OF THE OPTIC NERVE, . . . . .	783
AFFECTIONS OF THE VITREOUS, . . . . .	784
PARALYSIS OF THE NERVES OF THE EYE, . . . . .	784
HEREDITARY SYPHILIS OF THE EYE, . . . . .	787
CHAPTER XXV.—AFFECTIONS OF THE EAR, . . . . .	789
External ear, . . . . .	789
Middle ear, . . . . .	790
Internal ear, . . . . .	792
SUDDEN DEAFNESS PRODUCED BY SYPHILIS, . . . . .	792
DEAFNESS DUE TO SYPHILITIC AFFECTIONS OF THE BRAIN, . . . . .	794
DISEASES OF THE EAR IN THE SUBJECTS OF CONGENITAL SYPHILIS, . . . . .	794
CHAPTER XXVI.—HEREDITARY SYPHILIS, . . . . .	797
THE DURATION AND PROGRESS OF HEREDITARY SYPHILIS, . . . . .	798
THE PROCESS OF PROCREATION, . . . . .	799
Influence of the father, . . . . .	800
Influence of the mother, . . . . .	802
Infection of the child at birth, . . . . .	807
Infection by the semen of syphilitic men, . . . . .	807
INVASION AND EVOLUTION OF HEREDITARY SYPHILIS, . . . . .	807
ERUPTIONS OF HEREDITARY SYPHILIS, . . . . .	808
The erythematous syphilide, or roseola, . . . . .	809
The papular syphilide and condylomata lata, . . . . .	809
The vesicular syphilide, . . . . .	810
The pustular syphilide, . . . . .	811
Furunculær eruptions, . . . . .	811
The bullous syphilide—Pemphigus, . . . . .	812
The tubercular syphilide, . . . . .	813
Gummata and gummatous ulcers, . . . . .	813
AFFECTIONS OF THE MUCOUS MEMBRANES, . . . . .	813
Mucous patches of the mouth, . . . . .	813
Gummatous infiltrations, . . . . .	815

	PAGE
AFFECTIONS OF THE LARYNX, . . . . .	815
AFFECTIONS OF THE LUNGS, . . . . .	817
AFFECTIONS OF THE PERITONEUM, . . . . .	818
AFFECTIONS OF THE ALIMENTARY CANAL, . . . . .	818
AFFECTIONS OF THE LIVER, . . . . .	819
AFFECTIONS OF THE SPLEEN, . . . . .	821
LESIONS OF THE PANCREAS, . . . . .	822
AFFECTIONS OF THE KIDNEY, . . . . .	823
AFFECTIONS OF THE SUPRA-RENAL CAPSULES, . . . . .	823
AFFECTIONS OF THE TESTICLE, . . . . .	823
Morbid anatomy, . . . . .	824
AFFECTIONS OF THE SYNOVIAL SHEATHS, . . . . .	824
AFFECTIONS OF THE NAILS—ONYCHIA, . . . . .	825
AFFECTIONS OF THE HAIR, . . . . .	825
AFFECTIONS OF THE THYMUS GLAND, . . . . .	826
AFFECTIONS OF THE LYMPHATIC GANGLIA, . . . . .	827
THE CONDITION OF THE BLOOD, . . . . .	827
AFFECTIONS OF THE CIRCULATORY ORGANS, . . . . .	827
LESIONS OF THE UMBILICAL VEIN, . . . . .	828
HEMORRHAGIC SYPHILIS IN NEW-BORN CHILDREN, . . . . .	828
AFFECTIONS OF THE BONES, . . . . .	828
Osteo-chondritis, . . . . .	829
Periostitis, . . . . .	832
Dactylitis syphilitica, . . . . .	832
Swellings of the metacarpal and metatarsal bones, . . . . .	834
AFFECTIONS OF THE JOINTS, . . . . .	836
AFFECTIONS OF THE NERVOUS SYSTEM, . . . . .	837
TREATMENT OF HEREDITARY SYPHILIS, . . . . .	840
CHAPTER XXVII.—AFFECTIONS OF THE PLACENTA, . . . . .	843
Macroscopic appearances, . . . . .	844
Microscopic appearances, . . . . .	844
Predisposing causes, . . . . .	846
CHAPTER XXVIII.—TREATMENT OF SYPHILIS, . . . . .	849
HYGIENE AND TONICS, . . . . .	850
MERCURIALS, . . . . .	852
Fumigation, . . . . .	857
Inunction, . . . . .	860
Mercurial suppositories, . . . . .	862
Hypodermic injections, . . . . .	862
EFFECTS OF MERCURY, . . . . .	866
Duration of treatment, . . . . .	871
Fluid extract of coca as an adjuvant, . . . . .	873
IODINE AND ITS COMPOUNDS, . . . . .	875
IODOFORM, . . . . .	882
NITRIC ACID AND GOLD, . . . . .	882
BICHROMATE OF POTASSIUM, . . . . .	882
VEGETABLE DECOCTIONS AND INFUSIONS, . . . . .	883
Tayuya, . . . . .	884
BALNEOTHERAPIA, . . . . .	884
CLIMATIC INFLUENCES, . . . . .	886
SYPHILIZATION, . . . . .	886
CHAPTER XXIX.—SYPHILIS AND MARRIAGE, . . . . .	889

LIST OF ILLUSTRATIONS.

FIG.	PAGE
1. Urethral syringe, . . . . .	65
2. Urethral syringe, No. 1, A, . . . . .	65
3. Hacker's urethral syringe, . . . . .	65
4. "Peerless syringe," . . . . .	65
5. Urethral syringe with extra long pipe, . . . . .	66
6. Otis's cold-water coil, . . . . .	92
7. Urethral polypus, . . . . .	98
8. Lacuna magna, . . . . .	99
9. Cupped sound, . . . . .	104
10. Grünfeld's endoscopic tubes, . . . . .	104
11. Swab-holder, . . . . .	105
12. Blower and pencil for local applications, . . . . .	105
13. Scissors for removal of polypi, . . . . .	105
14. Forceps for urethral polypi, . . . . .	105
15. Désormeaux's endoscope, . . . . .	106
16. The same modified by Denis, . . . . .	106
17. Endoscope with gaslight attachment, . . . . .	107
18. Professor Auspitz's dilating urethroscope, . . . . .	108
19. Dick's catheter-syringe, . . . . .	110
20. Guyon's injector, . . . . .	111
21. Bumstead's syringe for deep injections, . . . . .	111
22. Tiemann's "universal syringe," . . . . .	111
23. Gangrene of prepuce, with glans penis button-holed, . . . . .	117
24. Nélaton's phimosis forceps, . . . . .	126
25. Taylor's phimosis scissors and syringe, . . . . .	127
26. Henry's phimosis forceps, . . . . .	128
27. Operation of circumcision, . . . . .	129
28. Horteloup's forceps for the flaps, . . . . .	129
29. Head of penis after first incision, . . . . .	130
30. Method of introducing sutures, . . . . .	130
31. Paraphimosis, . . . . .	133
32. "Sub-preputial frill," . . . . .	134
33. Method of reducing, . . . . .	135
34. Follicular abscess of urethra, . . . . .	140
35. Abscess on one side of frænum, . . . . .	141
36. Abscess divided by frænum into two lobes, . . . . .	141
37. Abscess at peno-scrotal angle, . . . . .	142
38. Vertical section of testis and epididymis, . . . . .	160
39. Miliano's compressive suspensory, . . . . .	171
40. Morgan's suspender for varicocele, . . . . .	186
41. Weir's varicocele spring, . . . . .	187
42. Henry's scrotal clamp, . . . . .	189
43. Sebaceous vulvitis, . . . . .	213
44. Inflamed vulvo-vaginal gland, . . . . .	214
