

	PAGE.		PAGE.
American Journal of the Medical Sciences	2	Hoblyn's Medical Dictionary	4
American System of Gynaecology	27	Hodge on Women	28
Allen's Anatomy	6	Hodge's Obstetrics	28
*Ashhurst's Surgery	20	Hoffmann and Power's Chemical Analysis	10
Ashwell on Diseases of Women	28	Holden's Landmarks	7
Attfeld's Chemistry	9	Holland's Medical Notes and Reflections	17
Barlow's Practice of Medicine	17	*Holmes' Surgery	22
Barnes' Midwifery	29	*Holmes' System of Surgery	22
*Barnes on Diseases of Women	27	Horner's Anatomy and Histology	5
Barnes' System of Obstetric Medicine	29	Hudson on Fever	18
Bartholow on Electricity	17	Hyde on the Diseases of the Skin	26
Basham on Renal Diseases	24	Jones (C. Handfield) on Nervous Disorders	19
Bell's Comparative Physiology and Anatomy	8	Keating on Infants	30
Bellamy's Operative Surgery	20	King's Manual of Obstetrics	29
Bellamy's Surgical Anatomy	5	Klein's Histology,	5, 13
Blandford on Insanity	19	La Roche on Pneumonia, Malaria, etc.	18
Bloxam's Chemistry	9	La Roche on Yellow Fever	18
Bowman's Practical Chemistry	9	Laurence and Moon's Ophthalmic Surgery	23
*Bristowe's Practice of Medicine	14	Lawson on the Eye, Orbit and Eyelid	23
Browne on the Ophthalmoscope	23	Lea's Studies in Church History	31
Browne on the Throat	18	Lea's Superstition and Force	31
Bruce's Materia Medica and Therapeutics	12	Lee on Syphilis	25
Brunton's Mat. Med. and Therap.	12	Lehmann's Chemical Physiology	8
*Bryant's Practice of Surgery	21	*Leishman's Midwifery	30
*Burnstead on Venereal Diseases	25	Ludlow's Manual of Examinations	5
*Burnett on the Ear	24	Lyons on Fever	18
Carpenter on the Use and Abuse of Alcohol	8	McGregor's Physical Physiology	8
*Carpenter's Human Physiology	8	Maisch's Organic Materia Medica	11
Carter on the Eye	23	Medical News	1
Century of American Medicine	17	Meigs on Childbed Fever	28
Chadwick on Diseases of Women	27	Miller's Practice of Surgery	21
Chambers on Diet and Regimen	18	Miller's Principles of Surgery	21
Churchill on Puerperal Fever	28	Mitchell's Nervous Diseases of Women	19
Clarke and Lockwood's Dissectors' Manual	6	Montgomery on Pregnancy	29
Classen's Quantitative Analysis	10	Morris on Skin Diseases	26
Cleland's Dissector	5	Neill and Smith's Compendium of Med. Sci.	5
Clouston on Insanity	19	Nettleship on Diseases of the Eye	23
Clowes' Practical Chemistry	10	*Parrish's Practical Pharmacy	11
Coats' Pathology	13	Parry on Extra-Uterine Pregnancy	29
Coleman's Dental Surgery	24	Parvin's Midwifery	28
Condie on Diseases of Children	30	Pavy on Digestion and its Disorders	18
Cooper's Lectures on Surgery	21	Pepper's Surgical Pathology	5, 20
*Cornil and Ranvier's Pathological Histology	13	Pirrie's System of Surgery	21
Cornil on Syphilis	25	Playfair on Nerve Prostration and Hysteria	19
Cullerier's Atlas of Venereal Diseases	8	*Playfair's Midwifery	29
*Dalton's Human Physiology	7	Politzer on the Ear and its Diseases	24
Dalton's Topographical Anatomy of the Brain	16	Power's Human Physiology	5, 8
Davis' Clinical Lectures	21	Ralfe's Pathological Chemistry	5, 9
Druitt's Modern Surgery	12	Ramsbotham on Parturition	28
Dujardin-Beaumont's Therapeutics	12	Remsen's Theoretical Chemistry	9
Duncan on Diseases of Women	28	*Reynolds' System of Medicine	15
*Dunglison's Medical Dictionary	4	Richardson's Preventive Medicine	17
Edis on Diseases of Women	27	Roberts on Urinary Diseases	24
Ellis' Demonstrations of Anatomy	7	Roberts' Principles and Practice of Surgery	20
*Emmet's Gynaecology	28	Rodwell's Dictionary of Science	4
*Erichsen's System of Surgery	21	Sargent's Minor and Military Surgery	21
Esmarch's Early Aid in Injuries and Accidents	21	Schäfer's Histology	13
Farquharson's Therapeutics and Mat. Med.	13	Seiler on the Throat, Nose and Naso-Pharynx	18
Fenwick's Medical Diagnosis	16	Sharpey and Quain's Anatomy	5
Finlayson's Clinical Diagnosis	16	Skey's Operative Surgery	21
Flint on Auscultation and Percussion	18	Slade on Diphtheria	18
Flint on Phthisis	18	Smith (Edward) on Consumption	18
Flint on Physical Exploration of the Lungs	18	Smith (Eust.) on Wasting Diseases in Children	30
Flint on Respiratory Organs	18	Smith (H. H.) and Horner's Anatomical Atlas	5
Flint on the Heart	18	*Smith (J. Lewis) on Children	30
*Flint's Clinical Medicine	16	*Stillé & Maisch's National Dispensary	12
Flint's Essays	16	*Stillé's Therapeutics and Materia Medica	12
*Flint's Practice of Medicine	14	Stimson on Fractures	23
Foster's Physiology	8	Stimson's Operative Surgery	20
*Fothergill's Handbook of Treatment	16	Stokes on Fever	18
Fownes' Elementary Chemistry	9	Students' Series of Manuals	5
Fox on Diseases of the Skin	26	Sturges' Clinical Medicine	16
Fuller on the Lungs and Air Passages	18	Tanner on Signs and Diseases of Pregnancy	29
Galloway's Analysis	10	Tanner's Manual of Clinical Medicine	16
Gibney's Orthopaedic Surgery	20	Tarnier and Chantreuil's Obstetrics	29
Gibson's Surgery	21	Taylor on Poisons	31
Gluge's Pathological Histology, by Leidy	13	*Taylor's Medical Jurisprudence	31
*Gray's Anatomy	7	Taylor's Prin. and Prac. of Med. Jurisprudence	31
Greene's Medical Chemistry	10	*Thomas on Diseases of Women	27
Green's Pathology and Morbid Anatomy	13	Thompson on Stricture	24
Griffith's Universal Formulary	11	Thompson on Urinary Organs	24
Gross on Foreign Bodies in Air-Passages	18	Tidy's Legal Medicine	31
Gross on Impotence and Sterility	25	Todd on Acute Diseases	17
Gross on Urinary Organs	24	Treves' Applied Anatomy	5, 6
*Gross' System of Surgery	20	Tuke on the Influence of Mind on the Body	19
Gusserow on Uterine Tumors	27	Walshe on the Heart	18
Gynecological Transactions	28	Watson's Practice of Physic	15
Habershon on the Abdomen	17	*Wells on the Eye	23
*Hamilton on Fractures and Dislocations	23	West on Diseases of Children	30
Hamilton on Nervous Diseases	19	West on Diseases of Women	27
Hartshorne's Anatomy and Physiology	5	West on Nervous Disorders of Children	30
Hartshorne's Conspectus of the Med. Sciences	5	Williams on Consumption	18
Hartshorne's Essentials of Medicine	14	Wilson's Handbook of Cutaneous Medicine	26
Heath's Practical Anatomy	5	Wilson's Human Anatomy	5
Hermann's Experimental Pharmacology	11	Winckel on Pathol. and Treatment of Childbed	29
Hillier's Handbook of Skin Diseases	26	Wöhler's Organic Chemistry	9
Hill on Syphilis	25	Woodbury's Practice of Medicine	14

Books marked * are also bound in half Russia.
