

SCH

- Schüller* on micro-organisms in wounds, 228
Schulz on eucalyptus oil, 140
Schulze, experiments on spontaneous generation, 8, 149
Schwann on fermentation, 6
 — spontaneous generation, 151
 Scrotum, aseptic dressing of wounds of, 105
 Septic, definition of term, 1
 — derivation of term, 1
 — cases, table of temperature charts, 584
 — treatment, results of, 399, 402, 413
 — wounds, purification of, 93
 — temperature after, 581
 Silk, carbolic, preparation of, 60
 — preservation, 60
 Silver sutures as an antiseptic means, 286
 — wire as stitches, 86
Simpson, Sir Jas., on Listerism, 360
 Sinus forceps, 79
 — putrid, treatment of, 116
 Skin, purification of, 67, 68
 Skull, compound fractures of, aseptic treatment of, 115
 — results of. See Compound fractures.
 Sloughs, organisation in, 570
Smith on irrigation, 339
Socin on results of aseptic treatment, 395
 Soda, chlorinated, as an antiseptic, 269, 349
Spallanzani on spontaneous generation, 149
Spence, compound fractures, 502
 — on operations on joints, 460
 — results with cleanliness, 545
 — statistics, 378
 Spinal abscess, a test of skill in aseptic treatment, 539
 — recumbent position in, 111
 — results of, 517
 — want of statistics of, 539
 Sponges, purification and preservation of, 64
 — use of, in dressings, 122
 Spontaneous generation, theories of, 145 *et seq.*
 Spoons, Volkmann's sharp, 116
 Spray, carbolic acid, experiments testing efficacy of, as germicide, 26, 258
 — how to dispense with, 120
 — errors in use of, 74
 — objections to necessity for, 363
 — one of the least necessary precautions, 73, 364, 594

TIL

- Spray, use of, 70
 — producers, hand, 54
 — steam, 56
 Statistics of aseptic treatment, 368 *et seq.*
Stimson on efficacy of carbolic spray, 258
 Stitching of aseptic wounds, 85
 Stitches, button, 85
 — of coaptation, 86
 — relaxation, 86
 — removal of, 86
 Strapping of aseptic wounds, 86
Stromeyer on immersion, 342
 — subcutaneous surgery, 320
 Subcutaneous surgery, 144, 318
 Sulphurous acid as an antiseptic, 269
 Summary of views on fermentation, 11
 Suppuration, causes of, 596
 — not always due to micro-organisms, 596
 Surgery, aseptic, definition of, 51
 — materials employed in, 52
 — principles of, 51, 52
 — subcutaneous, 144, 318
Syme, method of wound treatment, 336
 — on subcutaneous surgery, 320
 — statistics, 382
 Synovitis, aseptic treatment of, results, 442

- TEMPERATURE after aseptic operations, 576
 — compound fracture, 463
 — septic wounds, 581
 — wounds of joints, 421
 — charts after compound fractures (accidental), 482, 500
 — opening psoas abscess, 534
 — wounds of joints, 438
 — of aseptic cases, 585
 — septic cases, 584
 — curve septic, 580
 — during tension in a wound, 577
 — in carbolic acid poisoning, 589
 Tendons, wounds of, aseptic treatment, 114, 561
 Tenotomy, subcutaneous, 319, 561
 Tension, elevation of temperature during, 577
 — theory of elevation of temperature during, 579
Tiegel on micrococci, 244
Tillmanns on organisation of dead tissue, 573

TIS

- Tissues, unboiled animal, fermentation of. See Animal tissues.
 — vegetable, *Roberts* on fermentation of, 44
Theden on wound treatment, 308
Thenard on fermentation, 4
 Theories of action of ferments, 205
 — fermentation. See Fermentation.
 — spontaneous generation. See Spontaneous generation.
Thiersch on salicylic acid dressings, 136
 — results with salicylic acid, 404
 Thorax, wounds of, aseptic treatment, 115
Thornton, aseptic dressing in ovariectomy, 109
 — on aseptic ovariectomy, 402
 Thymol, aseptic use of, 139
 — treatment with, results, 404
Tiegel and *Billroth* on fermentation of unboiled animal tissues, 44
 Towel carbolic, use of, in aseptic operations, 67, 72
Traube and *Gscheidlen* on destruction of bacteria by healthy tissues, 283
 Treatment, aseptic. See Aseptic.
 — by antiseptics. See Antiseptics.
 — of dissection wound, 119
 — naevi, 119
 — putrid sinuses, 116
 — varicose veins, 119
Trendelenburg on operating without the spray, 363, 595
Tyndall on fermentation, 23
 — spontaneous generation, 192, 203
 — use of condensed beam of light by, 17

- ULCER, purification of, 93
 — treatment of, with boracic acid, 93
 Unboiled substances, fermentation of, 30
 Unrest, causes of, 596
 Ure on fermentation, 8
 Urine, boiled, 20, 24
 — unboiled, fermentation of, 36

- VALETTE on immersion, 345
Van der Broeck on fermentation of blood, 33
 — unboiled egg albumen, 42
 — grape juice, 31
 — urine, 36

WOU

- Van der Broeck* on spontaneous generation, 195
 Varicocele, *Ricord* on, 321
 Vegetable tissues, unboiled, *Roberts* on fermentation of, 44
 Veins, varicose, treatment of, 119, 319, 321
Velpeau on effects of air on wounds, 331
 — on use of coal tar, 351
 — iodine, 350
 Ventilation as an antiseptic means, 287
 — in treatment of wounds, 549
 — of wounds, *Bouisson* on, 279
Verneuil on A. Guérin's dressing, 329
Vezin and *Bartscher's* open method of treatment, 277, 332
Vicary on wound treatment, 294
Vigo, De, on treatment of wounds, 292
Villars, Col de, on wound treatment, 301
 Viscous fermentation, 214
 Vivisection, advantages of Listerism in, 567
Volkmann and *Fraenckel*, septic results of compound fractures, 511
 — on aseptic fever, 581
 — results with cleanliness, 385, 405, 545
 — sharp spoons, 116
 — statistics, 385
 — of compound fracture, 506
 — wounds of joints, 443
 WAITZ on Esmarch's statistics, 396
Walther, Von, on water dressing, 316
 Warm bath. See History of Irrigation.
 War, aseptic treatment in, 123
 — results of aseptic treatment in, 401, 448, 512
 Water dressing. See Dressing.
Wells, Spencer, on aseptic ovariectomy, 403
Wiseman, treatment of wounds, 296
Wood, John, on advantages of aseptic treatment, 559, 561
 — use of carbolic acid, 357
 Wool, cotton, aseptic use of, 141
 — A. Guérin's method, 280, 325
 — results of, 327, 408
 — bacteria under, 329, 330
 — salicylic acid, 137
 Wound treatment, fundamental principles of, 596
 — history up to 1867, 357

WOU

- Wounds, aseptic. See Aseptic.
 — — outline of course of, 566
 — contused, aseptic treatment of, 113
 — dissection, aseptic treatment of, 119
 — gunshot, aseptic treatment of, 123
 — micro-organisms in. See Micro-organisms.
 — of abdomen, 115
 — — intestine, 115
 — — joints, aseptic treatment of, 114, 419
 — — — gunshot, 447
 — — — results of, 422
 — — muscles, 114
 — — nerves, aseptic treatment, 114
 — — tendons, aseptic treatment of, 114
 — thorax, 115
 — produced accidentally, aseptic treatment of, 112

ZIN

- Wounds, septic, purification of, 93, 114
 Würtz, bad effects of air on wounds, 294
 Wyman, Jeffries, on spontaneous generation, 172, 203
 — Morrill, on spontaneous generation, 175

YEAST-PLANT in alcoholic fermentation, 209
 Yeo's experiments on monkeys, 567

ZEIS on immersion, 345
 Zinc chloride, 65, 116, 268, 271, 349

103000566
