

CONTENTS.

SECTION I.

SPECIFIC INFECTIOUS DISEASES.

	PAGE
I. Typhoid Fever	1
II. Typhus Fever	39
III. Relapsing Fever	43
IV. Small-pox	46
Variola Vera	49
Hæmorrhagic Small-pox	52
Varioloid	54
V. Vaccinia (Cow-pox)—Vaccination	60
VI. Varicella (Chicken-pox)	65
VII. Scarlet Fever	67
VIII. Measles	77
IX. Rubella (Rötheln)	81
X. Epidemic Parotitis (Mumps)	82
XI. Whooping-cough	84
XII. Influenza	87
XIII. Dengue	90
XIV. Cerebro-spinal Meningitis	92
XV. Diphtheria	99
XVI. Erysipelas	110
XVII. Septicæmia and Pyæmia	114
Septicæmia	114
Pyæmia	116
XVIII. Cholera Asiatica	118
XIX. Yellow Fever	125
XX. Dysentery	130
XXI. Malarial Fever	140
Intermittent Fever	147
Continued and Remittent Malarial Fever	151
Pernicious Malarial Fever	152
Malarial Cachexia	153
XXII. Anthrax	156
XXIII. Rabies	159
XXIV. Tetanus	162
XXV. Syphilis	165
Acquired	167
Congenital	169
Visceral	172

"Experience is fallacious and judgment difficult."
HIPPOCRATES: *Aphorisms, I.*

"And I said of medicine, that this is an art which
considers the constitution of the patient, and has
principles of action and reasons in each case."
PLATO: *Gorgias.*

CONTENTS.

	PAGE
XXVI. Tuberculosis	184
1. General Etiology and Morbid Anatomy	184
2. Acute Tuberculosis	197
3. Tuberculosis of the Lymph-glands (Scrofula)	204
4. Pulmonary Tuberculosis (Phthisis, Consumption)	208
5. Tuberculosis of the Serous Membranes	235
6. Tuberculosis of the Alimentary Canal	239
7. Tuberculosis of the Liver	242
8. Tuberculosis of the Brain and Spinal Cord	242
9. Tuberculosis of the Genito-urinary System	243
10. Tuberculosis of the Arteries	246
11. Prognosis in Tuberculosis	246
12. Prophylaxis in Tuberculosis	247
13. Treatment of Tuberculosis	249
XXVII. Leprosy	256
XXVIII. Glanders	259
XXIX. Actinomycosis	261
XXX. Infectious Diseases of Doubtful Nature	264
1. Febricula (Ephemeral Fever)	264
2. Weil's Disease	265
3. Milk-sickness	266
4. Malta Fever	266
5. Mountain Fever	268
6. Miliary Fever (Sweating Sickness)	268

SECTION II.

CONSTITUTIONAL DISEASES.

I. Rheumatic Fever	270
II. Chronic Rheumatism	278
III. Pseudo-rheumatic Affections	279
IV. Muscular Rheumatism	281
V. Arthritis Deformans (Rheumatoid Arthritis)	282
VI. Gout	287
VII. Diabetes Mellitus	295
VIII. Diabetes Insipidus	305
IX. Rickets	307
X. Scurvy (Scorbutus)	312
XI. Purpura	316
XII. Hæmophilia	320

SECTION III.

DISEASES OF THE DIGESTIVE SYSTEM.

I. Diseases of the Mouth	323
Stomatitis	323
Aphthous Stomatitis	323
Ulcerative Stomatitis	324
Parasitic Stomatitis (Thrush)	325
Gangrenous Stomatitis	326
Mercurial Stomatitis	327

CONTENTS.

	PAGE
II. Diseases of the Salivary Glands	328
Hypersecretion	328
Xerostomia	328
Inflammation of the Salivary Glands	328
III. Diseases of the Pharynx	329
Circulatory Disturbances	329
Acute Pharyngitis	330
Chronic Pharyngitis	330
Ulceration of the Pharynx	331
Acute Infectious Phlegmon of the Pharynx	331
Retro-pharyngeal Abscess	332
Angina Ludovici	332
IV. Diseases of the Tonsils	332
Follicular or Lacunar Tonsillitis	332
Suppurative Tonsillitis	334
Chronic Tonsillitis	335
V. Diseases of the Oesophagus	339
Acute Oesophagitis	339
Spasm of the Oesophagus	340
Stricture of the Oesophagus	341
Cancer of the Oesophagus	342
Rupture of the Oesophagus	343
Dilatations and Diverticula	344
VI. Diseases of the Stomach	344
Methods of Clinical Examination	344
Acute Gastritis	348
Phlegmonous Gastritis	350
Toxic Gastritis	350
Diphtheritic Gastritis	351
Mycotic Gastritis	351
Chronic Gastritis (Chronic Dyspepsia)	351
Neuroses of Stomach	359
Gastralgia	359
Nervous Dyspepsia	360
Nervous Vomiting	361
Peristaltic Unrest	362
Rumination	362
Dilatation of Stomach	364
Peptic Ulcer (Gastric and Duodenal)	368
Cancer of Stomach	376
Hæmorrhage from the Stomach	385
VII. Diseases of the Intestines	388
1. Diseases of the Intestines associated with Diarrhoea	388
Catarrhal Enteritis	388
Diarrhoea	388
Enteritis in Children	391
Diphtheritic or Croupous Enteritis	395
Phlegmonous Enteritis	396
Mucous Colitis	396
Ulcerative Enteritis	397
2. Miscellaneous Affections of the Bowels	403
3. Appendicitis (Typhlitis and Perityphlitis)	405

CONTENTS.

	PAGE
Typhlitis	405
Appendicitis	406
4. Intestinal Obstruction	413
5. Constipation (Costiveness)	420
VIII. Diseases of the Liver	423
1. Jaundice (Icterus)	423
2. Affections of the Blood-vessels of the Liver	427
3. Diseases of the Bile-passages	430
Catarrhal Jaundice	430
Cholelithiasis (Gall-stones)	431
Other Affections of the Bile-ducts	437
4. Cirrhosis	440
5. Abscess of the Liver	446
6. New Growths in the Liver	451
7. Fatty Liver	455
8. Amyloid Liver	456
IX. Diseases of the Pancreas	457
1. Hæmorrhage	457
2. Acute Pancreatitis	458
3. Chronic Pancreatitis	460
4. Pancreatic Cysts	460
5. Cancer	461
X. Diseases of the Peritonæum	462
1. Acute General Peritonitis	462
2. Peritonitis in Infants	466
3. Localized Peritonitis	466
4. Chronic Peritonitis	467
5. New Growths in the Peritonæum	468
6. Ascites (Hydro-peritonæum)	469

SECTION IV.

DISEASES OF THE RESPIRATORY SYSTEM.

I. Diseases of the Nose	474
Acute Coryza	474
Chronic Nasal Catarrh	475
Autumnal Catarrh (Hay Fever)	477
Epistaxis	478
II. Diseases of the Larynx	480
1. Acute Catarrhal Laryngitis	480
2. Chronic Laryngitis	481
3. Oedematous Laryngitis	481
4. Membranous Laryngitis (Croup)	482
5. Spasmodic Laryngitis (Laryngismus Stridulus)	486
6. Tuberculous Laryngitis	487
7. Syphilitic Laryngitis	489
III. Diseases of the Bronchi	490
1. Acute Bronchitis	490
2. Chronic Bronchitis	492
3. Bronchiectasis	495
4. Bronchial Asthma	497
5. Fibrinous Bronchitis	501

CONTENTS.

	PAGE
IV. Diseases of the Lungs	503
1. Circulatory Disturbances in the Lungs	503
2. Pneumonia	511
3. Chronic Interstitial Pneumonia (Cirrhosis of Lung)	532
4. Broncho-pneumonia (Capillary Bronchitis)	536
5. Emphysema	544
Compensatory Emphysema	544
Hypertrophic Emphysema	545
Atrophic Emphysema	549
6. Gangrene of the Lung	550
7. Abscess of the Lung	552
8. Pneumonokoniosis	553
9. New Growths in the Lungs	556
V. Diseases of the Pleura	558
1. Acute Pleurisy	558
Fibrinous or Plastic Pleurisy	558
Sero-fibrinous Pleurisy	558
Purulent Pleurisy (Empyema)	563
Tuberculous Pleurisy	566
Other Varieties of Pleurisy	566
2. Chronic Pleurisy	571
3. Hydrothorax	574
4. Pneumothorax (Hydro-pneumothorax and Pyo-pneumothorax)	574
Affections of the Mediastinum	577

SECTION V.

DISEASES OF THE CIRCULATORY SYSTEM.

I. Diseases of the Pericardium	581
1. Pericarditis	581
2. Other Affections of the Pericardium	591
II. Diseases of the Heart	592
1. Endocarditis	592
Acute Endocarditis	592
Chronic Endocarditis	599
2. Chronic Valvular Disease	602
Aortic Incompetency	602
Aortic Stenosis	608
Mitral Incompetency	610
Mitral Stenosis	614
Tricuspid Valve Disease	618
Pulmonary Valve Disease	620
Combined Valvular Lesions	620
3. Hypertrophy and Dilatation	628
Hypertrophy of the Heart	628
Dilatation of the Heart	635
4. Affections of the Myocardium	640
Aneurism of the Heart	646
Rupture of the Heart	647
New Growths and Parasites	647
Wounds and Foreign Bodies	648

	PAGE
5. Neuroses of the Heart	649
Palpitation	649
Arrhythmia	650
Rapid Heart (Tachycardia)	652
Slow Heart (Bradycardia)	653
Angina Pectoris	655
6. Congenital Affections of the Heart	659
III. Diseases of the Arteries	663
1. Degenerations	663
2. Arterio-sclerosis (Arterio-capillary Fibrosis)	664
3. Aneurism	670
Aneurism of the Thoracic Aorta	671
Aneurism of the Abdominal Aorta	680
Aneurism of the Branches of the Abdominal Aorta	681
Arterio-venous Aneurism	682
Congenital Aneurism	682

SECTION VI.

DISEASES OF THE BLOOD AND DUCTLESS GLANDS.

I. Anæmia	684
Secondary Anæmia	684
Primary or Essential Anæmia	686
II. Leukæmia	696
III. Hodgkin's Disease	704
IV. Addison's Disease	708
V. Diseases of the Thyroid Gland	711
Goitre	711
Tumors of the Thyroid	712
Exophthalmic Goitre	712
Myxoedema	714

SECTION VII.

DISEASES OF THE KIDNEYS.

I. Anomalies in Form and Position	717
Movable Kidney	717
II. Circulatory Disturbances	721
III. Anomalies of the Urinary Secretion	722
1. Hæmaturia	722
2. Hæmoglobinuria	723
3. Albuminuria	725
4. Pyuria (Pus in the Urine)	729
5. Chyluria (Non-parasitic)	730
6. Lithuria	730
7. Oxaluria	733
8. Cystinuria	734
9. Phosphaturia	734
10. Indicanuria	735
11. Melanuria	736
12. Other Substances	736

	PAGE
IV. Uraemia	737
V. Acute Bright's Disease	741
VI. Chronic Bright's Disease	746
Chronic Parenchymatous Nephritis	747
Chronic Interstitial Nephritis	749
VII. Amyloid Disease	757
VIII. Pyelitis	758
IX. Hydronephrosis	762
X. Nephrolithiasis (Renal Calculus)	765
XI. Tumors of the Kidney	770
XII. Cystic Disease of the Kidney	772
XIII. Perinephric Abscess	773

SECTION VIII.

DISEASES OF THE NERVOUS SYSTEM.

I. Diseases of the Nerves	775
1. Neuritis (Inflammation of the Nerve-fibres)	775
2. Neuromata	781
3. Diseases of the Cranial Nerves	782
Olfactory Nerve	782
Optic Nerve and Tract	783
Lesions of the Retina	783
Lesions of the Optic Nerve	786
Affections of the Chiasma and Tract	787
Affections of the Tract and Centres	788
Motor Nerves of the Eyeball	790
Fifth Nerve	795
Facial Nerve	797
Auditory Nerve	801
Glosso-pharyngeal Nerve	805
Pneumogastric Nerve	805
Spinal Accessory Nerve	809
Hypoglossal Nerve	812
4. Diseases of the Spinal Nerves	813
Cervical Plexus	813
Brachial Plexus	814
Lumbar and Sacral Plexuses	817
Sciatica	818
II. Diseases of the Spinal Cord	820
1. Affections of the Meninges	820
Diseases of the Dura Mater	820
Diseases of the Pia Mater	822
Hæmorrhage into the Spinal Membranes	824
2. Affections of the Blood-vessels	825
3. Acute Affections of the Spinal Cord	828
Acute Diffuse Myelitis	828
Myelitis of the Anterior Horns	831
Acute and Subacute Polio-myelitis in Adults	835
Acute Ascending (Landry's) Paralysis	835
4. Chronic Affections of the Spinal Cord	836
Spastic Paraplegia	836
