                                   At the present low rate
                                  Endeavour to get lower rate
Lowest rate for — is —
                               Rather
                                   Which would you rather do
                                   Rather than
                                  I (we) would rather that you,
I (we) would much rather
                                  Would rather
                                  Would rather not
                                  Rather better
                                  Rather worse
                              Ratification
                               Ratify
                               Ratio
                               Ravine(s)
                                  A deep ravine
                                 At the bottom of the ravine
                                 Separated by a ravine — feet deep
                                 In order to cross ravine
Meriggiana . 29399
                                 Crossing ravine saves a distance of
                                 From the side of the ravine
