

Portò mysticum sensum hujus pedum accipio signo. A resolutissimum, & in Sixtianis codicibus Graeciā quā proposita, quo item puto videtur Eusebius legisse. Ceteri canentes per unum peccatorē, quem aliqui constat intellegi pro pluribus posse, designari putant Saalem, qui aliquoties fatus peccatum Davidi dixerat, & Sammele, peccatorē; & mystico sensu Diabolū, qui dixōneque se peccatorē est, sicut, & Antichristus homo in peccati nam Diabolus in veritate non stetit, & homicida fuit ab initio, ad mendacem patrem, utpote post ruinam propriam, parentes primos nostros mendacio fallens, & gratiae ipsius vitam cripiens o. His usurpari opportunityt, Nonne Deo subiecta erit anima mea? quod est superbie pedem non venire; non movebar amplius: non emigrare p: quod est manus peccatoris non moveri; quamlibet irruere, & interficiant, idest, interficerent universi, ac impellant velut parietem inclinatum, & maceriem depulsum q: Quid manus tuas vobis sit, lique latet ex dictis tuis literaliter, tum myricē. Monstrum peccatorum. Ambrosius explicat instrumenta Diaboli, cuius usi p: Christi sic impīi B membra sunt: plenium Verō dum videtur peccatorum veluti calcaneum viti iniqui, hoc est, prisorum superborum; qui sicut temeraria Redemptoris nostri humilitas, ut ait Gregorius p: ita temeraria ioculatoria superbia est, quam vitiū iniqui calcant, qui per hujus uitę desideria in elatione perambulant. Quid ad corruptionem, quod videlicet superbus facit, vestigium est peccatoris q: nimur superbissimi Diaboli. Preterea superbus p: nominatur, quia superbus cunctos pedibus suis subiicit, & conculeat. Idcirco primogenitura usurpator Iacob supplantat fratrem, plantans tenens manū, serpens, ut dixi, calcaneo nostrō infiditatem, scilicet p: alibi r: Propheta dicebat: Me autem penitentiā sunt pedes: penitentiā sunt gressus mei: quia zelatus p: iniquo, pacem peccatorum vident. Pater potiamen diabolicus Hesychius, & Cybillus maxum peccatoris esse dicunt avari, & ejus qui dar accipitū munera in periculis: Sacerdotis, & iudicis: talibus doctoribus aliis labi, nec erigi posse, quum hi quos operabat esse tamquam baculos, imbecilles, prehendunt esse laquei, & offendicula.

Ibi ceciderunt, qui operantur iniquitatem.) Plateria Gallicanum, & Romanum, & Augustinus, & Hieronymus in Commentario, & Ambrosius, addunt, omnes: quod etiam extra Græcā r: Symmachus in tempore presenti: nōm̄ lato, nōi cadunt. Dubitat Ambrosius quid sit illud ubi sibi superbia, & manus peccatorum, nimur in ipsorum superbia confundens, seu malo operis conatur, an ibi stabant, ubi erant plantati, ibi ceciderunt an in vicino, an in continentia, quasi in ipso loco: videbiles, ut illico pristinum persecutor perveniret, & manū injiceret, caderent, expellerentur, ex calo exanimari nequirent. Ita quando adversus luci locū scham, redditur, Græcā ῥαπτόθεα, & Latine statim, ut in Jobi, ubi nōm̄ cadaver fuit, p: c. 39. 33. tū adspicere, nōm̄ equala. Placet autem Ambrosio, ut ibi cecidissent dicantur, ubi magis stare debuerunt. Adam, scilicet in paradiso (ad angelum Coeli) & Christus veniente in ruinam peridorum, quemadmodum ē contraria in refectione r: & iustorum, & fiduciarum. Confirmat similibus alii dicendi formulū: ibi dolores ut parturient: memor ero Rabab, &c. Ecce alienigenae, & Tyrus. & populus Aræbiorum, bi fuerunt ibi, five illi, nōm̄ ubi fundamenta in montibus sanctis, quia, & ipsi in p: maeterum esse potaverunt esse credendum. Subtile, & in futurum intelligi posse (ibi) ut est y, ubi erit florū, & fridorū: nudus ibi, sive illuc, pergam: ita ut ienit sit, non sim superbus, ut pecem: non pecem: non movear, non movear, ne cadam: non cadam, ne expellar, & c. Euthymius mavult hoc ultimum, & proper certitudinem prædictiōis pro futuro præteritum ponit, veluti prophetice oculis illorum rui- nām cernerit, Saulis, & sequacis: aut in genere aliorum hujusmodi scelerum hominum.

Magis recepta expositio, præcepit secundum mysticum sensum, ibi, nōm̄ per superbum, & inductionem in opus malum, cecidisse, & corruisse injunctos, tunc apostolus Angelos, cum homines, & primos, & sequentes. Vel accipiendo pro futuro præteritum, fore, ut eo tempore, quando justi inebriabunt torrente voluptatis, atque in lumine videbunt lumen in Coelo, improbus lucent poenas, cadentes in gehennam, eoque destruti. Hac ratione adverbium (ibi) relativē sumetur fine antecedente. Tole quid afferat Ambrosius ex Job a, nudus egredi sum de utero matris mea, & nudus reverti illuc: nec enim in uterum matris a notione, in qua sumitur priore membro, s: d: in terram communem omnam matrem, seu in lepulchrum b: aut ad Deum, b: Eel. 40: beatitudinem, statum futurum aeternae felicitatis, in quem

Inimici vero Domini mox ut honosificati fuerint, A singulis contentos: quamvis Trevetus paulo aliter distinguat. In libris Grecis Sixianis habetur dumtaxat David: & Hezychius causam assignat, quare non Psalmus, Canticum, vel quid simile sit in inscriptio- ne, quia hic manifestum consilium, & nihil habens oblecturatis exprimitur. Desideratur autem decima sexta littera γ h̄ain, quasi pertineat Psalmus ad illos, quibus, ut ait Cassiodorus, aliquid deest de per- fecta conversatione sanctorum, de qua agit: quin enim singula littera Hebraica proprias habent significations, credi posse, cui deest aliqua, eis quoque si- gificationem non habere. Id quod perfectus deest Hugo Cardinalis ait esse: quia parvuli eruditur, ne invident vel indigent propteritatem malorum, quoniam parvulum oculis invidia, b, & ne illam apperant, sicut parvitiatis, relige infantiles, &c q. 14. 5. 2.

25 Junior sui, etenim senui; & non vidi justum derelictum, nec semen ejus querens panem, ad 26 Tota die miseretur, & commodat, & semen ih- lius in benedictione erit,

27 Declina a malo, & fac bonum: & inhabita in faculum saculi,

28 Quia Dominus amat iudicium, & non dene- linquunt sanctos suos; in eternum conserva- buntur.

Injusti punientur; & semen impiorum peribit.

29 Iusti autem hæreditabunt terram; & inhabita- bunt in sæculum sæculi super eam.

30 Os iusti medicabit sapientiam; & lingua ejus loquetur iudicium.

31 Lex Dei ejus in corde ipsius; & non supplanta- buntur gressus ejus.

32 Considerat peccator iustum; & querit mortis- care eum.

33 Dominus autem non derelinquet eum in mani- bus ejus; nec damnabit eum, cum judicabi- tur illi;

34 Expecta Dominum, & custodi viam ejus; & exaltabit te ut hæreditate capias terram, cum perierint peccatoribus, videbis.

35 Vidi impium superexaltatum, & elevatum si- cut cedros Libani.

36 Et transvi, & ecce non erat; & quæsivi eum, & non est inventus locus ejus.

37 Custodi innocentiam, & vide regitatem; quo- niam sunt reliqui homini pacifico.

38 Injusti autem dispersibunt simul: reliqui im- piorum interibunt.

39 Salus autem iustorum à Domino; & protector eorum in tempore tribulationis.

40 Et adjuvabit eos Dominus, & liberabit eos; & eruet eos a peccatoribus, & salvabit eos; qui- speraverunt in eo.

ARGUMENTUM.

Quod attinet ad argumentum, convenient omnes maximè verò id Origenes moneret in hom. 1. ex quinque, quas edidit, & quas miratus est Ambrosius, si tamen ille Origenes, quem tamquam Latinus au- tor Græcum citet tantum ut Latino discrepantem) convenient, inquam, omnes paucemntum rotum Psalmum esse, atque Ethicum five moralem, & hor- rationem de providentia divina continere, ad eos, quos ura improborum prosperitas, & provocant desiderio illos imitandi: nam iusti tandem omnia bene celsuta & impios utquem ad tempus videantur florere, delendos, ac de modo tollendos. Etis verb nominatum de bonis presentiis vita, deque posse- sione, ac felicitate terrena mentionem facit, qui prisci illi homines de futuri, & eternis bonis hæda edo- ët erant: nihilominus multo magis de solidis, ac per- fectis bonis intelligi vult, & eadem designata per alia. Namquam & Christiana pietas promissionem habet ejus, quæ nunc est, & futura vita eis, & Christus que- rentibus primum regnum Dei & iustitiam ejus, pollici- tur eis adjicienda cetera: etiam externa bona f. vers. 1.) Psalmus ipsi David.

Noli emulari in malignantibus, neque zelaveris fa- cientes iniuriam.

vers. 2.) Quoniam tamquam scenam velociter are- sident, & quemadmodum olera herbarum citio de- cident.

Arer difficultate titulus, quum nihil re- fert. ioh. 10. an. ipsiss David, r̄d vel r̄d Αρειδ, legamus, ut alias monui- mus. In editione LXX, est articulus dative calus, apud Symmachum geniti- tivi: Hic porū Psalm ex alphabeto Hieron. litterarum vocat istum Hierony- mū. tertius est: binos sere habens versus litteris

Origenes magni facit Psalmum istum, appellans ve- lū

Ite curam quamdam, ac medicinam humanae animæ. A rum: sed cum dolore, vel ira quoque, ardens cupidi- quum peccata arguit, & edocet nos secundum legem vi- tas boni, quod aliis habeat, praeterea si confutare co- indigous, non digni. Ad hunc modum Psalm LXXXI. 9, facetur David se zelavisse pacem peccatorum vi- denem: ita praeterea pro Mōise quidam amulabantur, qui ferabant indigne alios prophetare: eodem pacto aliqui contra DOMINUM: Origenes tamen emu- lari inter malignantes expoit ducent preare, & quasi formularum præbere certe flagitii: altero membro si- gificari eos, qui imitentur. Praeterea dicit emulari 29. 1. Cor. 10. hinc Psalmum. De ordine istius post præcedentem Psalmum eamdem causam afferit Eusebius. Hierony- mus in Iasiam & in expositionem hujus Psalmi proprii voluminisse. Athanasius euudem recitandum offerit Marcellino, si compexit efficaces, vororunque com- potes esse iniquos, ac proinde è pravis efferti, ipse- vel veit alios admonere, ne illorum admiratione, emulacioneque capiantur, quoniam breviter sumuntur, ut extinguitur. Fulgentius lectione Commentarii quem scriptit Augustinus in hunc Psalmum, conuersus nar- ratur e.

(Noli emulari, &c.) Sensus primorum duorum ver- tum bic est. Qui iustitia das operam, & veram con- quiris beatitudinem, noli commoveri propteritate im- piorum, iuvi iraci, & indignari, quati, luxurias Deum humana nescire: ideoque subeat etiam voluntas, virtutis relida via, infistre in eam, quam illi sunt ingressi, & dolens de aliena corundem felicitate, invidensque, ipsi cibi, malis eam, & concupisca. Nam fluxa, caduca, fallax omnium talium tantum exulta beatitudi: moxque perdes viritatem, illico ut recte ardore fecundatur germin, olisque ex- cens, & decadens.

(Noli emulari in malignantibus.) Hieronymus, noli contendere cum malignis: alia Psalteria, & Cassiodorus, inter malignantis: Alii à Hebreo, ne commovere pro- maliginis, ne successores neirritari: ne torqueas, ne bilent tibi moveant malitiosi: Vel, ne societatem, inicas, te admisceris cum noxiis. Felix, noli contendere & compelleri, hoc est, ut exponit Iacchus (non far. 4. 2. 2. Cor. 11. 2. Cor. 11. 2.) Campensis, noli imitari malos. Diceretur etiam alie- ter, ne certes, quasi parem, & exqualem habere con- cens felicitatem, quia malignos, iniquos, te dignum judices, quasi per eam, quam vocant iusta, quoniam re- vera haec oriarunt contentio non ex zelo bono, & iustitia, sed ex malo, & per quen censes tibi licere ea- dem agere, quibus perverterint improbi ad dictam for- tunam. Præpositio δια (in) valer inter eam, & propter: ut exemplis ostendi facile posset. Reputetur eadem phrasis: Noli emulari in eo, qui propterat in via sua: noli emulari in malignis. Ubique verbum Græcum id est παράγοντας, & Hebreum θρηνούσας. Hoc alii deuant à θρηνούσας, ιατρι, suffore succendi, & exandescere: quidam à θρηνούσας, vel θρηνούσας quadrate verbo. Apud Jure- mianum 6: nunquid regnabis quoniam conferst ecedo- ρητορά παραγόντας; & ius quoniam contendere poteris cum equis: ibi Græc παραγόντας, conciter acuta ira: posteriori loco παραγόντας, preparari: in hoc autem nostro Aquila vertit, τα παραγόντα, noli concertare: i Symmachus, V. & VI. edidit παραγόντα, noli contendere: Theodotus, παραγόντας, παραγόντας, aut litigii: tribuit Eusebius V. eis ontū παραγόντας. Expli- cat autem Eusebius παραγόντας, irritare, & excitare ad zelopatriam. Illud hanc similis in Proverbis locu: k: Ne contendas, cum possimis, noli emulari, impio- quoniam non habens futurum, spes: malo: & lucena- impiorum extingueris. Utroque επιθέτοις αλι- θεχαρ, & αλιθεχαρ, althekane: Græc in posteriori loco, παραγόντας, & παραγόντας, neque emulari. Rutiust, ne emularis hominem in iustitia: nec ini- teris vias ejus: item in Ecclesiastico m. Non zetes glo- riā, & opere: non enim (sic), qua futura sit illius subseruo. De zeli varia notione tum boni tum me- dii, dixit cap. V. in Actuum Apost. & præter ibi citatos Hieronymum a lege, & nostrum Salmeronem p. Hoc loco non est zelus, immodi amor preciosus, qui emulatio, aut etiam imitatio vocatur; nec iupicio ex amore proverbiis cum timore amittendi, quam dicunt ze- lotypiam, nec propriæ inuidia, qua est bonus iusto-

li accipiunt possidendum terra milibus promissum e.
Addit. Thomas terram d. Tamquam quod negat posse in-
tellegi de materiali terra, quia etiam in iusti inhabitabile
eam, non placet, docui namque modum, qui iustis
magis conveniat, & probatur Euthymio, aliisque multis.
Vocat Hugo terram superiorem, cœlum; inferio-
rem, Ecclesiam; interiorem, animum, exteriorem,
corpus, prater elementarem.

Ex psalmis primis et secundis.
Ex psalterio in die festis eius.) Articulus femininus ad hanc

mum, corpus, elementaria terra. De ista litteraliter ma-
xime locus hic agit, ut comprehensit simili aqua; intra
quas multa luctu humana vita commoda. Vulgo, divi-
tias dicunt spectare ad necessarium uim opes, ad magis-

parat Bernardus s; quia ad carnem tuendam vel infi-

sed in vita, & uictu contentos esse g; pro spiritu tame-

mino, esse, libere, atque confidenter petere, datum enim petitiones, ut iij solente illis dare quos maxime amant, ac indeclinare habent, & videntur summa fiducia populeas. Similis forma iterum in eodem Job a, agente de impio, & hypocrita; Num quid Deus audiet clamorem ejus quem venerit super eum angustia? aut poteris in omnipotente deleteri, & invocare Deum omni tempore? Poteris membrum hoc modo eti in texu Graco, sed & tibi non respici posse in vestre loco, num haber aliquam sermons audaciam tamquam ista? Iterum praeterea pro deleteri super Domino, Graeci interpres reddunt confidere, quasi innitendo super dilectionem, & incumbendo deliciose, ut ita dicam. Sic apud Italem b, Tunc delectabatur super Domino, & suffollam te super affectu- dinem terra, & sonoribus eius in Cypri, & quodlibet oceano ex qua additum rite, & oris confidere super Domino, & ascendere te facies super bona terra. Spes gignit gaudium et idcirco qui magnam habet; percipit delectationem, quamdam, gaudiumque ex certa sperata rei expectatione, & quidem bries, spes enim, quis differat, affigit animam d. Vulgo etiam, ut alicui ipsum incipiamus impetrandi, solemus jubere leto animo esse, ac petere (dimanda pure allegamente), & B e caxum illum jubebat turba esse animo, equivoque, eo quod vocaret eum Christus, à quo vilum impetrare sperabat e. Denique Paulus, ut amovet sollicititudinem nobis, & ad petendum horretur jubet nos item iterumque tempore gaudere in Domino f, Atti- gregi hec Agellius recte.

A enim plutes comprehendit. Notant iijdem Patres, past Oriogenem, & Ambrosium, polisque tam quoniam illos alii, petitiones, aut petitiones cordis dici, non carnis; & quam cor petet, impetrare, quia non petet nisi bona gracie, & gloria, quomodo quicquid petamus in nomine Iesu, id est, pertinens ad latum, dandum a Patre, idem promisit Jesus d. Origenes cordi convenire, aut intellectum, sicut vilum oculis, pariterque requirere primitura objecta proportione respondentia lenisibus aliis auditibus, gulis, odoratus, tactus, lapientes fentis, prudentes cogitationes, rationabilis studia, utilia, optimaque consilia. Nam cor, inquit Hieronymus, tempes- tiam petet, Ambrosius hoc filii velle dicit quod est in Pala. XIX, etribus tribus secundum cor tuum, & implet omnes petitiones tuas, quicquiclibet non sunt secundum carnis appetitum, sed prodeunt ex intimo corde: nec sunt ex carnis hujus illecebra; neque voluntatibus dirigitur. Qui cordis Deum habet ius, cumdeinde par temet haretatis, neque in celo, vel in terra quicquam vulnus ab ipso, praeterque ipsum, nunquam non exaudiatur, etiam prius, quam clamet b, etiam dum est in praeparatione cordis, ad petendum. Invitat ipsomet, ut petamus, credentes nos omnia accepturos.

Veruntamen iuxta tritam explanationem illius loci, à qua non est aliena, quam nunc artulimus, delicia quædam sunt hujus vita, quadam futura; et queum tum corporis, tum animi. At iuri delicias veras iuli percipliunt: idem in mortali vita, que pertinet ad corpus, vel iugum, vel adro maledicere degulant, ut vix percipliant. Delectat Deus iustos in fructuaria sua, sed hi non sunt filii similes, & insipientibus, qui lete ingurgitant, non cognoscentes, aut intelligentes, quo referto calumna dulcis debetane. Is qui scriptis *hunc docere futurum delicias*, ex iusto post sapientiam denou lapiens, satisfuit et vanitate sum fuisse, quod jis affluxisset, & frutus effeti: cuius autem Deus cor occupet iustis delicias (veris) non fatis fictio cordis, quam approber judicium rationis, neque non secundum fidem, sed iustum *judicatum n.* id est, secundum fidem veracem, non secundum experientiam fallax, quia hinc non videamus experiri, creditus tamen exaudiri, ut vel de *D* eo quod petimus, vel quod novit esse nobis utilius. Socrates ut ultra perendit à *D* iis mortalibus arbitrabatur, quam ubera tribuerent, quia iij de quinque scirent quid unique esse utille: nos autem plenumque id nobis expetere, quod non impetrasse melius forent *n.* Magis rem effiteque, quod opes quam juvenis Menedeno dixerit philosophos, respondit, Majorum, optare, quod deceat.

mortuus est: & pro illis postea tormentum reporta-
bit, & luctum. Vix post paradisi delicias & amplexan-
tibus stercora p. Ab omnino ad gloria Dei delicias afflu-
teat; immixti super dulcedinem suum post delicias & hic

propero ipsum. Non necessarius tamquammodo nostrarum
(que actungunt corpus) (inquit Seneca) si prouidum est
(deo) utque in deliciis amamus. Subiecti preclaram
enumerationem huiusmodi deliciarum. Has qui confi-
derat, & partim experit, quid sentire de spiritualibus
debet Christianus, si tanquam gustavit, quam sibi vis est
Dominus? Cujus renuit animam consolari temporali-
bus deliciis immodeo sed memor est dei, delectatur u-
tili praeterita delectatus super Dominum, qui glorificat eum,
non facient vias suas, nec inventant voluntatis eius, ut lo-
quatur sermonem x. nempe: viorem, & ad mundanam
hilaritatem compositum. Itas delectationes Bernardus
et religiosorum potissimum scribit: eis quavis non le-
cundum affectum temper ob variastentias, certe le-
cundum intentionem, & exercitium, ut virtutes ipsas
non pro delectatione, quam experientur, sed pro virtu-
tibus ipsis, & pro solo beneplacito Dei festentur, & ad
hoc tendant, adhuc contentur, ut aspectum quoque
delectationis, qui beatorum est, conqueat. In
Dominio gaudet tempus, ac delectatur qui placet sibi, &
deceat.

Quare autem potest quia sic consecutio, ut ei, qui de-
lectetur in Domino, sed Dominus petitiones cordis
sui, nam delectatio nascitur ex imperatione. Propter
nonnulli & putant hoc hyperbaton est, & in hunc modo
evolvi debet: delectabitur in Domino, quia dederit
ille tibi petitiones cordis tui: sicut in Habacu p., in Do-
mino gaudebit, & exultabit Deo pro me, id est, proper
tulit, quam confer Jesus, gaudebit, & exultabit.
Eius ordo est, si tu ante docui, delectationem iunamus in
Domino pro eximia, familiari, navi fiducia in ipsum, quia allicit, ac impellit ad prolixum postulandum, & ob in-
dubitatem rei consequenda spem, expectationemque
complet animum delectationem. Nam si manerit in
me, ac Christus, (adseritur autem Deo bonum est), & i. Ioh. 15.7
iudicandum, & verba mea in vobis manuscripsit, quodcumque
qui voluerit petere, & fieri nobis. Denique iuxta titulum
Augusti sententiam, ille placet Deo cui placet Deus,
qui voluntatem timenimus (timor neceps filii, qui
caritatem forvit, & auctor facit). Omnes delicia no-
titez in hac vita nondum sunt in te, at idem Pater n.
led ipa spes tam certa est, ut omnibus hujus facili deli-
cias preponenda sit, sicut scriptum est: delectare in Do-
mino. Et ne putares te jam habere quod promittit, tu
bescit statim, & dabis tibi petitiones cordis tuis: unde de-
lectaris in Domino, nisi qui tenet certum promiserit,
qui te efficit promittere debitorum: Nihil ad presen-
tem dubitationem dici potuit aptius.

Hic verius literalis latitudo communis, ut Basili, Theodoreti, Euthymii, Thomae, Lyrani, recentiorum, praeter quem tradidunt etiam ab aliis alii. Didimus ait, agnum esse quod quis te oblectet in Domino, si ea agat, qua Deus videt, hoc est, quae digna sint facientibus, & approbantibus oculis ejus, (id etiam habet Remigius, & Beda;) quoniam, qui ignorat, ignorabitur b: sic futurum, ut perata perficiat Deus, & proferat in lucem ipsius iustitiam, quemadmodum contigit Joseph, & Job. Idem ferè scribit Cyrillus. Athanasius exempli plendorem interpretatur, quem emittit justificatus a Deo, & euomodo fusile latronis in Cruce. Aldis præterea iudiciu diem, in quo fulgebunt iusti sensi sol d: De revelatione qua quis manifester le per confitemen Deo, Helychius innuit, & Origenes, Ambrosius, Alcinus, Haimo, Thomas, Bruno, Hugo, Cardinals Ricardus Pamphilus, Ludolphus: præterea Chrysostomus in epistolam ad Hebreos e, quavis confessionem sacramentalem nullus aperte exprimit, immo ultimum videtur docere, citans hunc locum, non esse necessarium. Sed Magister tentacionum illius explicat de publica quod latet etiam ipse præferrit, quando non est peccatum publicum, quod olim publice confitebatur poenitentiam, non ab absolutione obtinendam, sed ad erubescientiam; partemque satisfactionis, ac pœnae. Idem respondendum ad alias fatus loca, que contra confessionem sacramentalem affectuerunt.

Augustinus, nec Beda, & Glossa interlinearis de infelicitate nature nostra conditione proper compunguntur carnis, & spiritus: que iustitiam velut obcurat, & occultat, nec sicut, ut iudicium, quo judicamus nobis Christum tequendum, & expectando sicut etiam est, nec verum, & certum, ab omnibus approbatur, donec adveniat, qui reueleret abscondita tenaciam, & per fidem oblecturat per perficuum lumen exhibeat.

Placet mihi complectens omnia Rickelius, ut cor fiducialiter effundamus coram Deo, indigentias expromamus, & imperfectionibus conqueremur, totam vim coram Deo sicut coram fidelissimo amico recolamus, & perfractemus: futurum enim, ut ad gloriam suum, & communem utilitatem, proferat Deus in publicum, ac velut lucernam statuat super candelabrum, ut radena penitus orationis distinctio, quam Joannes Vincles afferebat, teste Valdensis h, in mentalem, vocalem, vitalem, quatenus ultimam solam, quo confundatur in bonis operibus, afferebat ad salutem sufficiere. Omne opus bonum dici quidem potest oratio, & semper bene operari, tamen nihil certius, quam requirere Deum a nobis propriè dictam orationem, & quicunque veluti perrexeris, teque circumvolvitur iuper dominum vel, committere domino expone coram domino viam tuam, id est, statum rerum tuorum: quasi diceres, quicunque veluti perrexeris, teque circum operis, noli deviare a Deo, cinge temperum, & obambula cum ipso, ut nulli violent cum matre, vitantes noxias bestias Aquila, & volo. Symmachus, & Augustinus. Hoc modo tentus est, ut refugient eventus reuin, & actionem nostram Deo, veluti exonerando in ejus finum quidquid oneris nos premat, sicut Psalmus LIV. k præcipitur: & a Petro l jacta super dominum curam viam: & Omnes sollicitudinem vestram projectentes,

Item alia Ilias b, seire vias meas volunt, hoc est, factorum meorum rationes. Postrem qui reuelationem, accipiunt pro confectone, viam aucti peccata significare: quemadmodum ultrapavit Job dicens, vobis ab humana laude abconditum veniente judice jam lecture pro eius in eterna claritate gloriantur; ideo vanum est ante lucem lugere, id est, ante futuri judicii claritatem exaltari: *Suggete postquam sacerdotis z, hoc est, postquam hic iponte propter Deum vos humiliaveritis.* Judicium tamquam meritis erit, quando manifestabitur, quale boni operis præsumt julicelegent, minor est autem claritas boni operis, claritate aeternae retributionis. Symbolum felicitatis lux, ita ut illata luxerina invicem prececum fausta, & Greci dicunt *φέρεται Λατίν., manū, quasi manū, id est, antiqua lingua bonum, vocaventes.*
