

surrounding the anus, while the throat and air passages were wholly unaffected. The case was that of a child between two and three years old and proved fatal. Dr. Fellows spoke of a case in which pseudo-membranes were discharged from the vagina of the diphtheria.

Drs Wells and Fellows both spoke in praise of *Phytolacca decand.* in diphtheria, especially when there are great deposits of the pseudo-membrane with great soreness of the throat and pain in the hips extending down the thighs.

Papers were also read from Drs. Bruckhausen of Norwich and Bishop of Lockport. There was also read the report of two cases of scrofulous ophthalmia, cured by high potencies after long resisting allopathic means, and homœopathic treatment with low attenuations, by Dr. Munger of Oneida County. He also reported the cure of hydrocele in a child, with high potencies. Dr. Wells also gave interesting cases of cures made with the 200th. Dr. Boyce reported an intensely interesting case of purpura hæmorrhagica cured by Phosphorus 200.

The President, Dr. Hawley, delivered the annual address in which he attempted to show how our societies might be made more vital and useful.

The following were elected officers for the ensuing year: W. Henry Hoyt, *President*; J. G. Bigelow, *Vice-President*; W. A. Hawley, *Secretary* and *Treasurer*; A. R. Morgan, B. B. Schenck and H. C. Hubbard, *Censors*. The following committees were appointed by the chair:

Special Pathology and Therapeutics, B. B. Schenck; *Materia Medica*, J. G. Bigelow; *Theory and Practice*, H. C. Hubbard; *Homœopathic Treatment of Surgical Cases*, C. H. Weaver; *Obstetrics*, L. Clary; *Diseases of Females*, R. D. Rhodes; *Epidemics*, H. V. Millar.

Dr. A. R. Morgan was appointed to deliver the address at the semi-annual meeting.

Delegates to other societies: Drs. Hoyt and Millar to Oneida Co., Drs. Bigelow and Morgan to Oswego Co., Drs. Clary and Hubbard to Cayuga Co., Drs. Rhodes and Sheldon to Wayne Co.

After a unanimous vote of thanks to the representatives of other societies for their presence and the interest they had taken in and added to our meeting the society adjourned having had a meeting of unusual interest.

WILLIAM A. HAWLEY, *Secretary*.
